

39 Saved From Wreck Of British Vessel

Blows Endanger French Cabinet From Left, Right

PARIS (AP)—France's five-day-old government, bludgeoned from the extreme right and left, teetered perilously today.

While Premier Henri Queuille's cabinet wrestled with emergency financial measures, a wave of strikes, many of them Communist-led, spread through the country. On the right, followers of Gen. Charles de Gaulle pushed a campaign for a general election.

The cabinet faced one test on its request for a law limiting the right of police to strike. Debate may start tonight in the Assembly.

It faced a second threat on the Premier's financial program, which includes opposition to general wage increases and the imposition of 50,000,000,000 francs (about \$160,000,000) more in taxes. The last two previous governments fell on similar financial programs.

The strike movement hit hard at the aviation, automobile and steel industries.

SPREADING RAPIDLY

No new violence was reported today, but the movement spread rapidly in protest against the government's opposition to wage boosts. In clashes Wednesday more than 100 police and 30 workers were injured.

About 49,000 miners and other employees staged a 24-hour strike at the Pas de Calais area and Lorraine coal pits.

Some 9,000 workers of the nationalized aviation industry still were out on strike, although about 7,000 had returned to work.

At the nationalized Renault automobile plant, about 20 per cent of the 35,000 workers who went on strike Wednesday returned to their jobs.

The left-wing Paris newspaper Ce Soir says 400,000 metal workers in the Paris area will quit work for several hours in a protest strike.

Red Paper Claims Trygve Lie Tool Of Britain, U.S.

MOSCOW (AP)—Pravda, Communist Party newspaper, said today "Anglo-American colonizers exposed themselves" at the Big Four meeting on Italy's prewar colonies this week in Paris.

The newspaper also denounced Trygve Lie, Secretary-General of the United Nations, as an obedient tool of Britain and the United States.

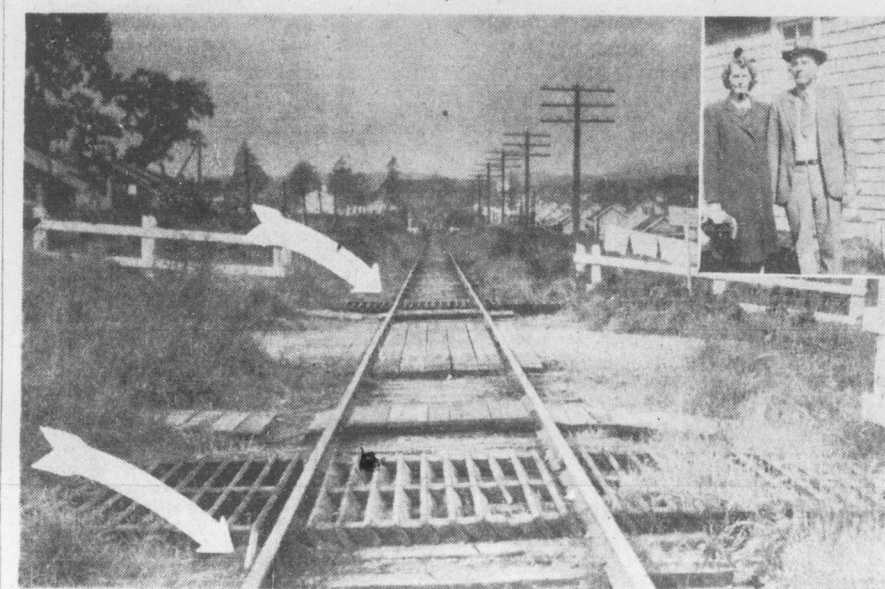

The article on the colonies criticized the refusal by the British and U.S. delegates to consider new Soviet proposals. It accused the western powers of "doing everything in their power to postpone a decision on the Italian colonies."

Russia proposed this week that the Italian colonies in Africa be placed under the United Nations trusteeship council.

Nine Hurt In Crash

VANCOUVER (CP)—Nine persons were injured Wednesday night in the head-on collision of two automobiles on the Lougheed Highway. Most seriously hurt was Mrs. Beatrice Burns, 34, of Vancouver, who suffered injuries to the chest, knees, ankle and wrist.

Scene Of Early Morning Tragedy

Scene of this morning's fatality at Hutchinson Street railway crossing in Esquimalt, where Norwegian-born Martin Faa, 1135 Colville Road, lost his life. Arrow in front is where feet, severed off at the ankles, were found by police. Other arrow points to where body was found lying on tracks on the cattle guard rails. Inset is recent picture of Martin Faa and his wife.

LATEST Don Black Stronger

CLEVELAND (AP)—Pitcher Don Black of the Cleveland Indians, appeared "much brighter" today, hospital officials reported, but he still is on the danger list.

Another Candidate

WINDSOR, Ont. (CP)—Donald M. Fleming, M.P. for Toronto-Eglinton, said today he is considering being a candidate for the leadership of the Progressive Conservative Party. "I'm not quite ready to make an announcement," he said.

Contract For 25,000

NEW YORK (AP)—The Western Electric Co. announced today it had reached an agreement with the Association of Communication Equipment Workers (C.I.O.) on wage and other issues, affecting 25,000 workers in 42 states and the District of Columbia.

Soviet Objections Block Arms Report

PARIS (Reuters)—Last-minute Soviet objections to the report of the United Nations' Armaments Commission have prevented the report being sent to the U.N. General Assembly, it was announced today.

A U.N. spokesman said: "Russia's objection came yesterday, the deadline date on which the objections could be raised."

If there had been no objection the report would have gone before the General Assembly. Now it will have to go back to the armaments commission.

\$5,000 Donation To Jubilee Hospital, Anonymous Gift

Receipt of a \$5,000 donation to the Royal Jubilee Hospital was announced this morning by Dr. Murray Anderson from a woman living just outside the city.

The acceptable gift, which is one of several received in the last few weeks, was made on the condition the donor remain anonymous. The generous giver wrote to say she had read of the financial problems of the Jubilee and sent the cheque in appreciation of the great work it was doing and in the hopes it would help continue that work unhampered by financial difficulties.

Partially Blind Man Killed At Esquimalt Rail Crossing

Esquimalt Police and E. & N. Railway officials today are conducting investigations into the death of Martin Faa, 48-year-old Norwegian-born resident of Esquimalt, who was run over by a northbound E. & N. train presumably at an early hour this morning.

The battered body of the father of three sons was found lying at the Hutchinson Street crossing on the west-side track cowcatcher, about 80 feet from where both

legs had been severed at the ankles. The body is at Thomson's Funeral Home. An inquest will be held this afternoon at 2 by Dr. E. C. Hart.

Mr. Faa, who was handicapped by partial blindness, is survived by his wife and sons Harold, aged 20, in the navy; Clarence, aged 16, and Eric, aged 15 years.

The bereaved wife was confined to her bed this morning by the shock of the tragedy.

Found Body This Morning

While Able Seaman Eginace Shushack of the H.M.C.S. Ontario was en route to the naval barracks shortly before 7 this morning he discovered the body.

He asked Mrs. Pat Jeeves, 1131 Loekley Street, the only nearby house with a telephone, to call the police. Chief of Police Gilbert Stancombe and Sgt. James K. Smart went to the scene and are conducting investigations.

E. & N. officials reported this morning that the last train, a freight, left the city at 1:10 a.m. (Daylight Saving Time) bound for Nanaimo. It was Lady Smith-bound on what is termed as the "turnaround" trip. The same train returns to the city in the morning.

Officials would not disclose the names of either the engineer or fireman on this train, their reason being that they had not completed investigations.

It is apparent that neither of the men in the engine were aware that the train had collided with anything.

Chief Stancombe and Sgt. Smart were quickly on the job and after securing what evidence they could on the scene, covered up the marks of blood and pieces of bone scattered over the area from one cowcatcher to the other. A stake was placed where the two feet were found just east of the easterly catcher.

The body, the face, and head badly mangled, were lying on the westerly cowcatcher away from the south rail.

Indications are that Mr. Martin was not killed outright, if he was struck around an hour and a half after midnight, as the doctor who saw the body at 10 judged death to have occurred just a few hours earlier.

The eldest son Harold is scheduled to come home on leave today.

The Hutchinson Street crossing overlooks Gorge Vale Golf Club which is bordered by Colville Road on the south.

The accident took place almost directly behind the dead man's Colville Road home. He was apparently homeward bound when the collision took place.

Members of his family reported his health to be good. Poor eyesight was his only drawback. He was not employed.

The Martins were resident in Nanaimo prior to coming here seven years ago. Before that they lived at Flin Flon, Manitoba.

Fate Of Six Men Unknown; Freighter Abandoned In Nth. Atlantic Storm Path

German Crowd Again Stones Soviet Police

BERLIN (AP)—Some 150 German youths stoned three policemen in the Russian sector of Berlin today, the Soviet-controlled press reported.

This was the third stoning of eastern sector police in recent weeks. The first two drew gunfire from the police and resulted in the death of one Berliner and the wounding of more than 20 others.

ON WAY HOME

The Communist police report said the three policemen were returning home from duty when a swarm of youngsters near a "black market centre" set upon them and showered them with rocks from nearby rubble heaps.

The report said the youths were "incited by older people," one of whom was said to be drunk. He was arrested along with 15 boys. The boys were released after several hours, the account said.

SECRET TRIAL

A former Berlin official, meanwhile, was reported facing a secret Russian court today, as the east-west war of nerves continued.

Wednesday night, U.S. authorities said the official—Dr. Curt Mueckenberger, former manager of the Berlin central coal organization—was to face trial in a secret Soviet court session.

U.S. Recalls Four Envoys Accused By Romanian Soviets

WASHINGTON (AP)—The United States State Department disclosed today that four members of the U.S. legation staff in Bucharest have been recalled on the demand of the Romanian government.

Romania had accused the four of taking photographs in a forbidden zone.

The United States rejected the accusation and declared the Romanian government's complaints "do not conform to the facts."

This assertion was made in a note which was delivered Wednesday by Minister Rudolf E. Schoenfeld to the Romanian Foreign Ministry.

The note charged the two men and two women clerks of the legation staff had been detained for 17 hours, incommunicado and that "for 16 hours no member of the group was allowed food or water."

Deny Slavery Charge

TOKYO (AP)—A Russian spokesman denied today the charge of Allied Supreme Headquarters that Japanese prisoners of war are being used as slave labor by the Soviets.

At least two were dead, three injured and 23 missing in the 10 prefectures, early reports indicated.

Torrential rains deluged sections north and west of Tokyo sending rivers on rampages. Thousands of Japanese fled as rivers threatened to engulf their homes.

Belgian Firms Sorry

BRUSSELS (AP)—The United States Embassy here disclosed two Belgian real estate firms apologized for demanding the evacuation of an American war cemetery. The two corporations recently served a legal process requiring that the cemetery in Neuville-en-Condroz be evacuated "within eight days."

The U.S. delegation is headed by Warren Austin, permanent representative on the U.N. Security Council, and State Secretary Marshall will be attending at least for the start of the General Assembly, which will open its sessions in Paris Sept. 21.

It is believed the U.S. will attempt to put the two vital questions into open debate and put the member countries on the spot to say yes or no to a plan for universal disarmament and a real international sharing and control of atomic-energy developments.

Marshall was in a pessimistic mood Wednesday at his weekly press conference.

He said he had been unhappy for several days about the world situation.

NEW YORK (AP)—Thirty-nine crew members of the abandoned British freighter Leicester have been rescued in the hurricane-whipped north Atlantic, her owners said today, but the fate of six others is unknown.

Earlier, U.S. Coast Guard headquarters here had said 38 men had been rescued from the freighter by a U.S. ship and an Argentine ship in mountainous seas. The New York agent for the Leicester had said she carried a crew of 42.

The Leicester's skipper, Capt. H. N. Lawson, messaged the London owners, however, that 39 had been rescued, but he did not know what happened to six other men.

Lawson told the New Zealand Shipping Company, owners, that his 7,266-ton vessel was struck by the Atlantic hurricane last Tuesday. In mountainous seas and strong winds the ship listed to 55 degrees, he said. The vessel was en route from London to New York in ballast.

The ship was abandoned today, Lawson reported. Twenty survivors were picked up by the U.S. freighter Cecil N. Bean. Eighteen others and Capt. Lawson were rescued by the Argentine S.S. Tropero.

The rescue scene, about 400 miles southwest of Cape Race, Newfoundland, was reported "probably pretty close to the centre" of the mid-Atlantic hurricane path, the weather bureau in Washington said Wednesday. Meanwhile, the Coast Guard

received unconfirmed word that the Portuguese fishing schooner Gaspar still was afloat about 300 miles from Newfoundland instead of presumably sunk as first reported. "Word was received from the Spanish trawler Tifton that the Gaspar was in no urgent need of assistance. The Gaspar is a 300-ton-three-master."

30 MILES AWAY

The Tifton radioed that Cape Race radio station last midnight that it was 30 miles away from the Gaspar, but no word of reaching her was heard.

The Coast Guard cutter Bibb, the U.S. navy cruiser Albany and other craft were reported speeding to the spot where the Gaspar was last reported. The number of persons aboard the Gaspar was not reported.

Building Inspector Gives Brighter View On Arena Job

J. W. Oosterink, city building inspector who has been in charge of construction work this year on the Memorial Arena, said today he does not believe the cost of the rink will reach \$800,000, but if it does the building will be worth the price.

He estimated \$25,000 to \$30,000 in addition to the approximate \$50,000 now in the arena treasury will be enough to complete the project, and warned:

"That is just a rough estimate. It is difficult in view of what has gone before, to give an exact figure."

He invited critics of the arena project to visit the structure during the daytime and see for themselves the progress which has been made this year since the city took over the job from private contractors.

At the same time they can see the excellence of the work being done on the barrel-roof building, Mr. Oosterink said.

He said the job is being done by the city cheaper than a contractor could, pointing to the fact the city has no overhead to contend with, also the city is not seeking 10 or 15 per cent profit as a contractor would.

Meanwhile Mayor Percy George expects to be able to announce in a few days the date the City Council will hold an inquiry into the lack of funds to complete the project. It hinges on the appearance before the council of Charles W. Hamilton, Vancouver, consulting engineer, on whose estimates the city earlier this year borrowed \$325,000 to finish the job.

He said it is well known that Communists meet special trains carrying displaced persons to employment in various parts of Canada. While the trains are in the station the Communists talk their doctrine to the new arrivals and hand out Communist literature.

The official said he was not aware of any increase in this type of activity, which was not illegal. The official said the Communists used inducements first on the new arrivals and sometimes threatened violence. But they had little to show for their efforts.

"I believe 99.99 per cent of the new arrivals are resisting the efforts of Communists," he said.

Homes For Evicted

MONTREAL (CP)—Three of the seven squatter families evicted Wednesday from an army barracks in a south Montreal suburb will have temporary homes provided before nightfall, it was learned today.

At the same time they can see the excellence of the work being done on the barrel-roof building, Mr. Oosterink said.

He said the job is being done by the city cheaper than a contractor could, pointing to the fact the city has no overhead to contend with, also the city is not seeking 10 or 15 per cent profit as a contractor would.

Meanwhile Mayor Percy George expects to be able to announce in a few days the date the City Council will hold an inquiry into the lack of funds to complete the project. It hinges on the appearance before the council of Charles W. Hamilton, Vancouver, consulting engineer, on whose estimates the city earlier this year borrowed \$325,000 to finish the job.

Security Council Votes To Deal With India War

PARIS (AP)—The United Nations Security Council voted 8 to 0 today to look into the war situation in Hyderabad. China, Russia and the Soviet Ukraine abstained in the vote placing the Indian invasion of the princely state on the agenda.

A Chinese motion to defer action on the agenda until Monday was defeated by 10 abstentions against China's single affirmative vote.

Dr. Jose Arce of Argentina offered the motion which placed the Hyderabad war formally before the council.

The delegations of India and Hyderabad then were invited to the council table in the great hall of the palace, where the United Nations' General Assembly will meet next Tuesday in regular full session.

The first speaker in debate was Hyderabad's Foreign Minister, Nawab Moin Nawaz Jung.

The Nawab told the council India had committed an act of aggression by invading the Nizam's state Sept. 13. Urging speedy action, he said Hyderabad was ready to help the council all it could.

India Plans To Take Over Government Of Hyderabad

NEW DELHI (AP)—India is preparing to take over the government of Hyderabad as soon as Indian troops, already deep in the princely state, win control.

The Indian government announced today the appointment of two provincial officials to be joint civil administrators of Hyderabad.

At the same time, a military communique said spearheads of Indian forces pushing toward the

Hyderabad capital from east and west now are only 125 miles apart.

In the west, Indian troops captured Zahirabad, 63 miles from Hyderabad city and 20 miles south of a Razakar (Moslem volunteer army) stronghold at Bidar, a communique announced. It said another column, rolling past Suriapet, reached Nakrekal, 60 miles east of Hyderabad's military suburb of Secunderabad.

Whaling Vessels Catch 180 Mammals

FORT ALBERT—Two whaling vessels, the Nahmint and James Carrothers have caught 180 whales to date. The marine mammals weigh over 50 tons on an average. They are converted into by-products at the Coal Harbor whaling station.

Whaling was revived on the west coast this year, a lapse of a decade or more.

Ex-Film Actor Held On Suspicion

LOS ANGELES (AP)—Police today arrested a man they identified as Carter de Haven, 61, former actor and father of film actress Gloria de Haven. He was booked on suspicion of burglary.

He gave his occupation as actor and radio technician, police reported. Carter de Haven was prominent on the vaudeville stage and on the silent screen many years ago.

U.S. Air Force Licks Problem Of Flying Big Bombers In Arctic

WASHINGTON (AP) — The United States bomber force has licked the problem of operating in the stormy but strategic Arctic, its chief disclosed Wednesday.

Gen. George C. Kenney, Canadian-born boss of the strategic air command, said crews have learned how to fly B-29s "with high efficiency" in the bitter cold up near the top of the world.

"Last winter we took all the mystery out of flying B-29s in the Arctic," he said in an interview.

His comment pointed up the major importance strategists attach to the polar regions, the short air road between three continents.

"The main thing you need for Arctic operations," Kenney said, "is just about twice as many people, because a man's efficiency there is just about half of normal."

This was demonstrated by the exhaustive studies, tests and training during which Super-

fortress crews in Alaska actually flew more hours than groups in the United States.

Failure of equipment in the Arctic training, however, was pared down until it was no greater than it was for bombers operating over the deserts of the southwestern United States.

To demonstrate that it could be done, maintenance men changed engines on B-29s out of doors with the temperature 40 degrees below zero.

The United States Air Force has disclosed that operation of jet fighters in the far north is getting close attention. A squadron of F-80 fighters went to Alaska last December for six months of training and test flights.

OTTAWA (CP)—Despite high costs, cigarette smoking appears to be increasing in Canada.

The Bureau of Statistics reports that in the first seven months of the year 8,785,000,000 cigarettes were released, compared with 8,321,000,000 in the

R.C.A.F. MOBILE UNIT TO SERVE UP-ISLAND CITIES—Shown above is R.C.A.F. mobile recruiting unit which has just left for a week's visit to Duncan, Sept. 15 to 21; Nanaimo, Sept. 22 to 28; Courtenay, Sept. 30 to Oct. 6; Port Alberni, Oct. 8 to 14. A window display of R.C.A.F. equipment will be shown in each city during the visits and interviews and tests will be conducted for both trades and aircrew applicants. The unit is operated by Flt. Sgt. L. H. Kelsey, N.C.O., in charge of recruiting for Victoria and Vancouver Island, and Sgt. G. T. Gardner of the local recruiting office, 315 Belmont Building. During the absence of the mobile unit, the local office will be operated by Cpl. C. Cowan. The office will be open from 9:30 to 4:30 week days, 9:30 to 12 Saturdays; after-hour appointments may be arranged by phoning G 8312.

British Newcomers Thought Big Factor In Rhodesian Vote

SALISBURY, Southern Rhodesia (Reuter)—The United Party, which has controlled the Southern Rhodesian government since 1934, has regained power by a majority of 18 seats in the Legislative Assembly.

The final state of the parties following Wednesday's general election is: United Party 24, Liberals 5, Labor 1.

The United and Liberal parties

fought out the main contest in the seventh general election since Southern Rhodesia was granted responsible government 25 years ago.

It was thought here that large-scale immigration to Southern Rhodesia from Britain was a deciding factor in the result of the election. During the month before the registration lists were closed more than 7,000 new voters registered.

The Liberal Party stood for unfettered free enterprise; the United Party for free enterprise where possible but state control where private enterprise failed to serve the general welfare.

New Labor Group Formed In Ontario

TORONTO (CP)—Ernest Smith of Toronto announced Wednesday night the formation of a new Canadian labor organization—the Dominion Labor Unions—following an afternoon meeting at Hamilton.

He said the organization has some 4,500 members, drawn from half a dozen unions which left the Canadian Federation of Labor to join the new organization. Mr. Smith was formerly connected with the C.F.L.

He said unions which subscribed to the new organization include the Canadian Steelworkers' Union, the Canadian Enamel Workers, the Canadian Mine Workers, the Canadian Rubber Workers, the National Wood and Metal Workers and one or two other local unions. They are organized mainly in Ontario.

Esquimalt Branch Renews Fight For Class VI Hospital

Esquimalt branch of the Canadian Legion is renewing its oft-repeated demand that the Dominion government erect a hospital in Victoria for older war veterans in Class 6 and some in the 5B categories.

The renewal of this action has come as a result of the recent announcement by a local Department of Veterans Affairs official that veterans in these categories will have to be moved to the George Derby Health and Occupational Centre at Burnaby to make room for active-treatment cases at the Victoria Veterans' Hospital.

At its meeting last night, the branch moved a strong resolution asking the local zone council to take up the campaign again.

When Senator Ian Mackenzie was Minister of Veterans Affairs, it was pointed out, he had promised action if veterans could secure the land to build a Class VI hospital.

The local Legion branches got the city to purchase the Savory estate—on Cook Street, opposite Athletic Park—for the purpose. Since then there has been no move by the federal authorities in the matter.

In the opinion of Esquimalt war veterans, the switch to Vancouver for the older veterans will impose a hardship on them as they will have to leave their Victoria friends and kinfolk.

Daredevil Dies In Truck Crash

TORONTO (CP)—A 27-year-old motorcycle daredevil who earned his living by flirting with death and defying lions—John J. Petty, Falls River, Mass.—died today at the wheel of a truck carrying his act to its next stand.

Police said the tractor-trailer which Petty was driving at high speed crashed into a tree as it swung around a corner.

The two other members of the act, which attracted thousands at the Canadian National Exhibition here to watch the daredevils ride in a bowl with roaring lions, were passengers in the truck, but were not injured.

ANNOUNCEMENTS

A good time to make reservations for Thanksgiving week-end, Oct. 9, is now. Shawigan Beach Hotel, from \$9.00 for two, all inclusive. ***

Magistrate Refuses Agnostic's Evidence

VANCOUVER (CP) — Witnesses who expect to appear before Magistrate Mackenzie Matheson are wasting their time if they don't believe in God.

The jurist Wednesday refused to accept the testimony of a young man who wouldn't swear on the Bible because he is an agnostic.

"Do you believe in a Supreme Being," asked the magistrate. "No," replied the would-be witness.

"Then I will not hear your evidence."

The agnostic was called as a prosecution witness against two men charged with assault.

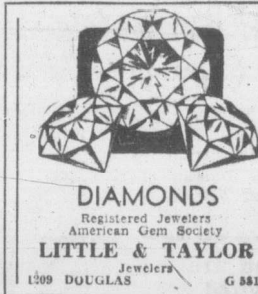

Milk tastes better made into RENNET DESSERTS!

If your child occasionally tires of plain milk, serve deliciously different rennet desserts. Made in a jiffy just by using Renet Powder or Renet Tablets with milk. THEN the milk can be eaten with a spoon and the rennet makes it more readily digestible. Most doctors approve them. Get "Junket" Brand Renet Powder or Renet Tablets at your grocer's today.

"JUNKET" is the trade-mark of Chp. Hansen's Laboratories, Inc., for its rennet and other food products, and is registered in Canada and U.S.A.

1947 Banner Year For Construction

OTTAWA (CP)—The construction industry enjoyed a banner year in 1947.

The Bureau of Statistics reported Wednesday in a preliminary

any report that business totaled \$803,646,000, compared with \$523,187,000. The bureau said final figures will be higher.

The increase was credited entirely to new construction.

The value of building construction rose from \$326,081,000 in 1946 to \$496,817,000, residential construction increasing from \$133,640,000 to \$170,714,000, commercial from \$48,555,000 to \$101,303,000.

Record Profits By Canada Packers Ltd.

TORONTO (CP)—Canada Packers Ltd. reports both dollar sales and net profits at new highs for the fiscal year ended March 31. Dollar sales totaled \$238,454,037 and the net profit \$2,182,300, or \$1.82 a share. This compared with dollar sales of \$204,068,050 and net profit of \$2,059,644, or \$1.71 a share in the preceding year.

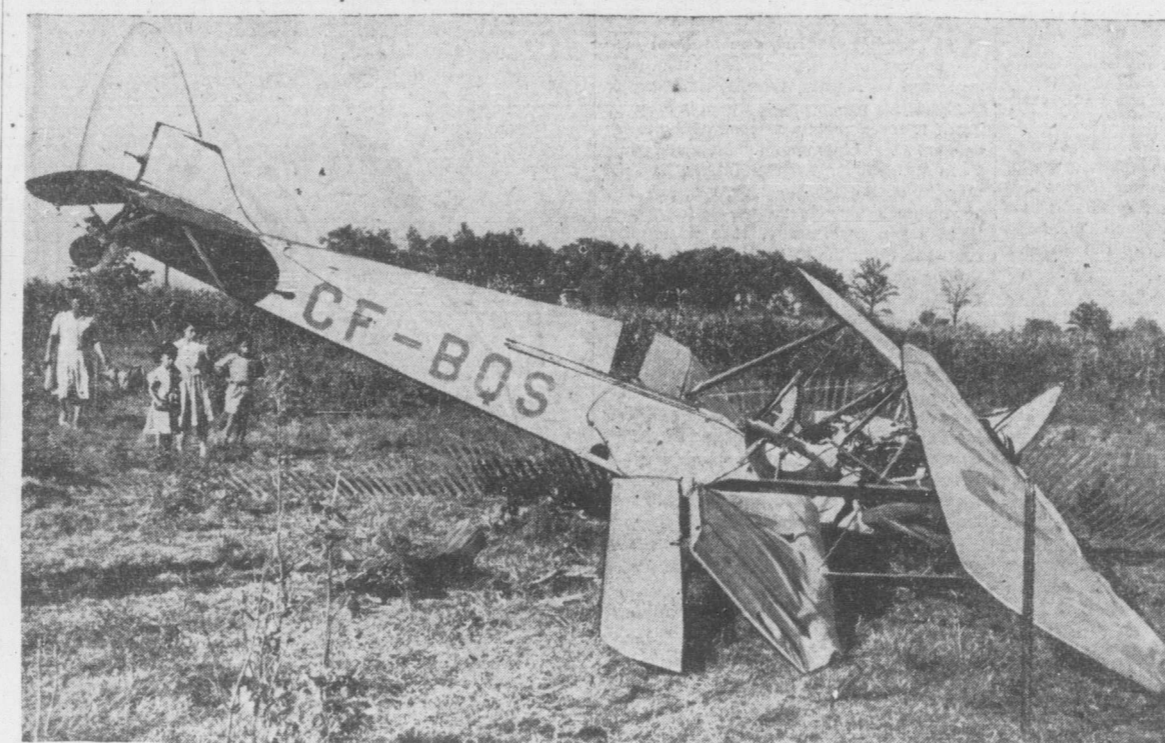

The record profit is accounted for by the record advance in prices of most products handled by the company. To the normal operating profit was added an "inventory" profit of \$625,968 accruing from the advancing prices.

Hangar Burns

FAIRBANKS, Alaska (AP)—Fire late Wednesday destroyed the main hangar of the Wien Alaska Airlines at the municipal airport, along with two airplanes. Estimates of loss range up to \$200,000.

ROME (AP)—Benefits from the European Recovery Program have begun to show in Italy's budget, Giuseppe Pella, treasury minister, said Wednesday. Pella told the lower chamber Italy's budget deficit had receded from 721,000,000 lire (\$1,205,000,000) in 1947 to 374,000,000 lire in 1948.

Student Pilot Seriously Hurt In Ontario Crash

Douglas Keith McLarty is in a hospital in Chatham, Ont. Police say he was practicing stunts to qualify for pilot's license and failed to come out of a tailspin. The plane's engine was pushed back under the cockpit, a wing was torn off and the undercarriage was crumpled.—(S.N.S. Photo)

Weather

Weather synopsis and official forecast issued at 9 a.m., Thursday, Sept. 16, by the Dominion Public Weather Office at Vancouver, valid until midnight Friday, Sept. 17.

Synopsis—Cool showery weather is expected to continue today in the interior sections of the province while considerable clearing should take place today in the southern coastal region. A very active storm now entering the Gulf of Alaska is moving eastwards at about 40 miles per hour and is expected to bring rain to the northern coastal areas early Friday morning and to the southern coastal areas by Friday night.

Vancouver and vicinity, Lower Fraser Valley, Strait of Georgia—Variable cloudiness this morning clearing by afternoon. Friday clear morning becoming cloudy afternoon and overcast at night. Light rain Friday night. Winds northwest 15 this afternoon. Strait of Georgia otherwise light. Little change in temperature. Low tonight and high Friday at Vancouver airport 50 and 63. Abbotsford 42 and 67. Nanaimo 50 and 66.

Victoria and vicinity—Variable cloudiness this morning clearing by noon. Friday clear in morning becoming cloudy Friday evening. Winds light this morning increasing to southwest 15 this afternoon. Winds light Friday. Little change in temperature. Low tonight and high Friday at Victoria 50 and 66.

Touring Eastern Canadian Ports

Hon. R. W. Mayhew, federal Fisheries Minister, is making his first tour of the Maritime Provinces' fishing industry since his appointment to the cabinet post. He is shown, right, in Halifax with his deputy, Stewart Bates. Mr. Mayhew is studying the over-all picture of Nova Scotia's fishing.—(C.P. Photo)

Search For Plane In North Manitoba On Three Lines

THE PAS, Man. (CP)—Aircraft searching for a United States naval plane missing in northern Manitoba's wilds since Sunday are working on three clues today.

The first is a report from a Wabowden merchant, T. Godbout, that he had heard an aircraft about 2 p.m. Sunday near Setting Lake; the second that a plane was seen about four miles north of here Sunday, and the third a report from Ilford, 300 miles northeast of The Pas, that a plane had been sighted in that region, also on Sunday.

It is believed, however, that the aircraft reported seen in the Ilford region was equipped with pontoons, and it is known that a resident there owns one of

this type. The missing U.S. plane was wheel-equipped.

If the report from Ilford proves correct, it would indicate the missing aircraft was approximately 138 miles off course.

Searching planes took off from here at 7 a.m. today, Group Capt. Z. L. Leigh of Vancouver, who has arrived to direct operations, said the missing plane's pilot was Chief Petty Officer Jack M. Kastner, an American naval air pilot.

The plane was bound from Churchill on Hudson Bay to The Pas with five aboard.

More Power Needed

KELOWNA (CP)—Insufficient power to operate packinghouse machinery is endangering the Okanagan Valley's apple crop, civic officials and packinghouse representatives warned today.

Eskimo Women Sent To Texas On Bet Find It Too Hot

FORT WORTH, Tex. (AP)—Oil millionaire L. L. Horne planned to set out today with four Eskimo women, a penguin, a polar bear skin and a parka to collect more than \$20,000 in bets.

The women—Miss Molly Blatchford, Mrs. Lona B. Welch, Miss Alice Walker and Mrs. Lorena Gray, chaperone—were flown here from Seattle.

Their first reaction to Texas when they landed Wednesday night was not unexpected. "Oh, it's hot down here," said Miss Blatchford and Mrs. Gray.

Then they scrambled into a refrigerated van for a trip to their hotel.

Horne said he would take the girls with him to Dallas, Houston, Taylor, Mission, San Antonio and Midland to pick up his winnings.

He explained that when he was vacationing in Flathead, Mont., he called Texas friends and wound up wagering he could bring Eskimos and a penguin back to the state.

The bets amount to more than \$20,000, Horne said. Associates said \$100,000 would be a more accurate figure.

Horne said his friends believed he wouldn't be able to bring Eskimos to Texas because they are wards of the federal government. "I called my lawyer," Horne said. "He's the best lawyer in the United States. He told me, 'You go ahead and get them Eskimos and don't worry.'"

He found the women, all natives of Alaska, in Seattle, and hired Lew Leach to fly the party to Texas.

Thyssen Found Guilty

FRANKFURT (AP)—The Frankfurt Neue Presse said Fritz Thyssen, once Germany's richest industrialist, was found guilty Wednesday of having been a minor Nazi offender. The German denazification court ordered Thyssen, now 74, to surrender 20 per cent of his property as a penalty.

Standard Oil Ups Furnace Oil Price

An increase of one-half cent per gallon in the price of furnace oil was announced today by the Standard Oil Company of British Columbia.

New price to the consumer in Victoria will be 14.9 cents plus provincial tax. There will be no increase in diesel or stove oils.

Local officials said that the increase applies to the entire price scale and is now in effect. The 14.9-cent figure is merely the price per gallon for the quantity usually bought by consumers.

WASHINGTON (AP)—Russia's ambassador demanded today that the 11-country Far Eastern Commission reverse Gen. Douglas MacArthur's policy banning strikes by government employees in Japan.

DAYS OF PERIL

TO THE CONTINUING POLITICAL difficulties of France has been added a resumption of the crippling strikes that have harassed that country's recovery since the end of the war. The walkouts represent no simple conflict between employers and workers. Although they are based primarily on demands for increased wages—a demand which the hard-pressed government finds impossible to grant—the labor struggle has far deeper ramifications. Led by Communists, who have before them much larger considerations than wages and hours and conditions of work, the strikes are part of the crucial battle of Marxism versus Democracy, of East versus West.

If there are workers among the strikers who believe that their action will win them better shop conditions at no cost to themselves, they are being deluded. The French economy is in a precarious state that will admit of no further concessions to inflation. Figures recently issued reveal that production has shown an encouraging increase, but the nation is far from being in the clear. A great deal of its current improvement is due to United States aid, and much more will be required. For large bodies of workers—about 90,000 aviation, automobile and steel employees are involved in the latest shutdowns—to demand wage increases that will imperil the country's financial structure is to invite disaster at this stage.

If avoidance of disaster were the main objective of the workers' leaders their own native intelligence would dictate the correct course to pursue. But the danger lies in the fact that far from seeking to avoid disaster the Communists would welcome it. Economic chaos is the highest form of opportunity for Communism. It provides the grand chance to inflict totalitarian control on a helpless people. National bankruptcy in France would be hailed by the Marxists as proof of the unsoundness of the capitalist system. The fact that their own unremitting efforts had brought it about would be conveniently forgotten. France's peril is that of Western Europe. The home of Liberty, Equality, Fraternity will end up with none of those blessings unless clear thinking prevails.

AFTER THE 'VET' INFLUX

BEFORE THE VETERANS' INFLUX, stimulated by Dominion Government assistance, swelled Victoria College enrollment to totals which reached their peak beyond the 600 mark in 1946, this community's highest institution of learning counted the 1931-32 terms its record for registration. During that academic year, 283 attended classes. At present, indications are that the student body will be between 375 and 380 when courses begin. Of that number approximately 30 will be former members of the services. The total, of course, is considerably below the 475 registered last year, when the enrolment included 130 veterans. The significant point in these figures, we submit, is that even with the recession of the veterans' tide, Victoria College can look forward to a student body continuously higher than that recorded in prewar days. Unquestionably one factor in the increase is the population growth which has occurred in this district during the last 10 years. A secondary factor doubtless is the inclination of parents to give their sons and daughters more expanded educational opportunities than was the practice in earlier years.

Coupled with this, it is safe to assume, is a growing appreciation among students themselves of the desirability of acquiring higher education. Already the tightening demands of the labor market are making themselves felt. And in no constructive occupation can university training be a handicap. Both for purposes of vocational opportunity and for the more abiding values of richer living this trend will be applauded.

MR. DREW STILL SILENT

UNTIL THE DELEGATES TO THE CONVENTION of the National Progressive Conservative Party get down to business in Ottawa at the end of this month the Canadian people are left to do their own guessing about Mr. Bracken's successor. So far the most active campaigner for the mantle which the former Premier of Manitoba recently doffed is Mr. John Diefenbaker, Progressive Conservative member of the House of Commons for the important Saskatchewan constituency of Lake Centre. And during the next few days it is suggested that he and his supporters will be doing their best to refute the contention that the "Diefenbaker-for-Leader Committee" is operating with a \$50,000 fund donated by provincial politicians.

Mr. K. B. Andras, chairman of the original organization committee, has issued a public statement to the effect that a group of six "political amateurs" set the campaign going by donating \$500 each for the purpose of buying a moderate amount of newspaper advertising space to draw attention to the political and other "wares" of Mr. Diefenbaker. Two of the half dozen are described as commercial artists, one a lawyer, one a claims manager for an insurance company, another a senior official of a bond house

and the sixth, a dentist. Mr. Andras explains:

"We are entirely lacking in practical political experience and we have no inside political knowledge. We decided to venture into politics because we believe that for the country's good the party must be kept alive, and that the choice of successor to John Bracken might very easily decide the fate of the party."

Apart from how Mr. Diefenbaker may fare at the convention, and irrespective of the manner in which the committee referred to above has raised the money to stimulate interest in the Saskatchewan member's qualification for leadership of the National Progressive Conservative Party, it will have been observed that Ontario's Premier Drew is keeping his own counsel. Some three months have elapsed since the electors sustained his government in office; yet he, personally defeated in his own riding, has apparently made no move to find a seat that will entitle him to meet the new provincial Legislature when the time comes for it to convene. It may be, therefore, that his silence about the national leadership of his party may be broken only when he has made up his mind whether to sally forth into the federal arena or stay with the province and get on with the ambitious development program on which he conducted his recent electoral campaign.

FAREWELL MY PRINCESS!

NEWS THAT THE PRINCESS CHARLOTTE, the 40-year-old C.P.R. veteran of the Victoria-Vancouver-Seattle run, will be retired from service next summer, will recall nostalgic memories to many Victorians. Hundreds of natives of this city made their first "big ship" voyage aboard her, after she inaugurated the triangle trip in 1908. There can be few long-term residents who have not at one time or another traveled on "the Charlotte" for pleasure or business, on honeymoon or holiday, to university or to a new job. And how many Victorians have had the pleasure of seeing from her throbbing decks their first view of the city after a lengthy absence. Along with "the Pat" and "the Vic," the Princess Charlotte became a part of our environment.

The wheeling gulls over her stern, the hollow wash of her propellers as she churned past the breakwater, the sun-bleached tarpaulins on her lifeboats, the pleasant shiver of her deck and the rhythmic tinkle of fixtures "inside" as her engines ploughed their way through the Strait—all these become part of our picture, a well-remembered fragment of our local life. The modern ship that will replace the Charlotte may outdo her in speed and comfort, in modern equipment and furnishings. But a long period of service will be necessary before the newcomer can attain that love accorded only to an old friend—the sentimental admiration for a good ship felt by the people whom in their youth and age, their pleasure or sorrow, she has carried for so many years.

FRONTIER COLLEGE

FOR 50 YEARS THE FRONTIER COLLEGE has been engaged in taking education to Canadians in places where the usual teaching facilities are not available. In logging camps and railroad gangs, in a dozen different kinds of migratory workers' camps, this organization has provided laborer-teachers—young university graduates or senior class men who spend the summer working on the job with the men whom they teach in evening classes. The subjects include those of practical use to the campmen, as well as citizenship and civics and a good knowledge of Canada's history and institutions. In addition, the Frontier College sends thousands of books and magazines each year to workers in isolated camps.

Especially in the case of foreign-born laborers is the influence of the organization felt. Many of the men receive their first concrete instruction in Canadianism from the laborer-teachers who are sent to assist them. The Frontier College is supported by voluntary subscription, and merits the aid of all the men and women of Canada who recognize that a universally high standard of education is one of the fundamental defences of democracy.

NOT THROUGH IGNORANCE

IT IS GENERAL PRACTICE THROUGHOUT the English-speaking world for those addressing Burns' Clubs to remind their members that if humanity observed some of the principles enunciated by the bard many of the problems of the day would be solved. The point was made in Victoria this week. It is, of course, as true now as it was years ago. And it might be applied to unnumbered other figures who have contributed sound philosophy to the sum total of human wisdom.

Unfortunately, however, it is not ignorance of principles that is the sole cause of the ills of this planet. True, the uninformed can create trouble through their lack of understanding. But they are probably less to blame than the vast multitudes who decline to apply their knowledge or to use their potential breadth of vision. It is not that we do not know any better than to act as we do. It is because we lack the fortitude, stamina or will to do right that we manufacture our own troubles and compound the world's difficulties.

Several hundred years before Burns couched in homely but glowing phrases some of the tenets for peaceful living, ethical principles were set forth in simple, dignified form that all could understand. But neither the Bible, nor the works of the philosophers can translate principle into practice until mankind is prepared to bestir itself to that translation.

Running water does not "purify itself." Tests have proved that it stays polluted from the sewer to the sea.

Not Time To Withdraw

By J. PAUL BONCOUR from Paris

WALTER LIPPMANN, an American journalist who is respected more than most by European readers, recently published in the Paris Figaro an article which is disquieting if it truly reveals a trend of American opinion. Mr. Lippmann thinks, and rightly so, in my opinion, that the Russian provocations in Berlin, the blockade, etc., are only done with a view to reopening four-power talks, talks, incidentally, that were interrupted through the Russians' own fault.

The Americans' answer to this—and they are quite right—is: "Let the Russians lift the blockade first, then we will talk."

ALL VERY FINE! But we find ourselves facing a formidable alternative: to give in would be equivalent to a political disaster; to hold out for a long period would be a technical absurdity. Supplying the allied sectors by air can be nothing but a spectacular and temporary resort to the land blockade. And the fog and rain of a Berlin winter will soon make it a dangerous one.

Let us talk then. Let us make use of the occasion that is offered us. But what is there to talk about?

Mr. Molotov has indicated the Russian position—to make peace. So far so good. But also—evacuation of Germany by the allied troops! On that we cannot agree. And that is where Mr. Lippmann seems to me to accept a formidable hypothesis with a very light heart.

ARE WE THEN AT THE STAGE where the Allies are preparing to commit once more the fault committed after the other war when they cut short, prematurely, a military occupation which the Treaty of Versailles had already made too short? It did not take Hitler long to establish his propaganda in the regions ~~conquered~~ by the English and French armies. And the pressure of the allied troops on these regions and on the rest of Germany was no longer there to keep her from hurling herself into the adventure which is now costing her dear but which cost France and the rest of the world much dearer.

All the guarantees of control we are so intent on obtaining by imposing on German institutions for which she does not care, will never equal the presence of American, English and French soldiers on the soil of the former Reich.

AND THEN MR. LIPPMANN tries to tell us that the withdrawal of the Russian armies to their own frontiers, that is to say almost 750 kilometres to the east, would be a better guarantee for the security of Western Europe than the maintenance of a military occupation.

I do not think the thin curtain of troops staying in Germany would be able to oppose Russian armies if they took the notion to attack them. But all the same, it is an obstacle that they would meet first and it would make it possible to gain a little time in a situation where even hours would mean much.

HOW CAN MR. LIPPMANN claim that a withdrawal of 750 kilometres, because of the road to be covered and the crossing of Poland would sufficiently retard Russia's chances of invading Holland, Belgium and France to enable aid to arrive from America? Those 750 kilometres would not take long to cover with present-day motorized and armored units. As for the crossing of Poland, a satellite country whose army is controlled by Russia, it would take more than sporadic partisan revolts to constitute a serious obstacle. The Russians have fought this partisan warfare superbly themselves. They also know how to fight against it and they have the means to do so.

It is a strange delusion to imagine that crossing an unoccupied Germany would not be an easy task for the Red armies. And that is not counting the fact that these armies might find in a Germany freed from Western control, elements to assist them which they themselves had organized.

MOREOVER, to evacuate the allied troops would be to curtail radically the psychological and diplomatic advantages of an international occupation. The fact that all the countries maintaining the occupation would have to be attacked at once is a safeguard against any temptation or attempt to wage war. When there are no more American soldiers in Germany, how do we know that America, not being directly or immediately threatened, would rush to the aid of Europe? How do we know that isolationism, which still survives scattered and latent in some sections of American opinion, would not find new strength and try to prevent such a move?

No! Insufficient though the allied troops may be to face a contingency, we must make every effort to avoid (I do not dare think of the fate of France should it be realized), still we must keep them there. Keep them, and not merely for a period fixed by treaty, as by the Treaty of Versailles, but for as long as is necessary for us to be sure that Germany is definitely integrated in a peaceful Europe. And Russia, too.

AND THAT IS JUST what was agreed in the three-power negotiations. The time has not come to give up those agreements.

Let us talk then. We have to. But let us allow no discussion as to the removal of our troops from Germany. That would be deathly peril for France and Europe.

They want the American money, they want to spend it as they please, but at the same time they are going back to the old nationalism. I don't see much hope.—Burton K. Wheeler, former Democratic Senator from Montana, stating Western Europe is not co-operating.

So Don't Be Surprised

As Our Readers See It

ONE INTERPRETATION

Ten years ago, in September, 1938, the Czech cabinet released a statement announcing the acceptance by the government of the Anglo-French plan to meet Germany's demand. In part it reads that:

"Inasmuch as Russia was willing to come to our aid only on condition that the other Ally (France) come in first and more-over only after the League of Nations should have determined that Czechoslovakia was attacked and that Germany was the aggressor, we found ourselves facing a threat of war, menacing not only the state but associated nations as well."

In other words, bereft of support from both her allies, the Czechs submitted to Hitler's will in order to avoid a general conflagration. So history should read, but propaganda and bias have disturbed the facts, creating the legend which makes Chamberlain the Great Betrayer.

The press, at the time, barely if ever, mentioned the Czech statement, the ill informed public failed to refer to the records of the secretariat of the League of Nations which published the full document. Hitler, indeed, possessed a full knowledge of human mentality when he wrote, "The bigger the lie, the easier it is accepted."

W. FAIRBAIRN.

ENGLISH CELANDINES

I would like to express my thanks to all the beauty-nature loving people of Victoria who made it possible for Ronald John Williams to write such an interesting article, "Canada's City of Gardens," in September issue of "Holiday" Magazine. Having spent several weeks, on vacation in England (Kent, Surrey and Suffolk) this spring, and revelled

in colors and perfume of the flowers whilst listening to the cuckoo and nightingale, I really must come to Victoria to see its beauties.

I am very curious to know if anyone in Victoria is growing the wild Kentish flower, the Celandine. If not and they would like to and if they will write to me I shall be very happy to see that some are sent to them from my garden.

Being an organic gardener enthusiast, I should be greatly pleased to hear from any of your readers who may be organic gardeners or who wish to be. I am sure we could exchange valuable data on the subject. Kindly direct replies to: Philip S. Wells, 24 Seventh Avenue, Haddon Heights, N.J., U.S.A.

CONTRACTORS AND ARENA

I am enclosing herewith copy of a letter written to the Victoria Civic Arena Committee: Victoria Builders' Exchange Limited, G. H. Wheaton, President, Civic Arena Committee, City Hall, Victoria, B.C.

Again I find that the contractors are receiving some very unfair publicity regarding the Civic Arena. Approximately one year ago I wrote a public letter to your group pointing out that the excessive cost of the Arena was not the responsibility of the contractors, but rather the natural result of the manner in which the project was set on foot and carried out, and this is true today more than it was a year ago.

Perhaps I should again remind you that the Victoria Builders' Exchange early in the spring of 1946, urged the City Council not to proceed with the Arena Pro-

ject until they knew the entire cost. Instead of accepting this advice the City Council saw fit to proceed with the work and be guided by the advice of the consulting engineer Mr. Charles T. Hamilton.

This same Mr. Hamilton made a public statement in an address to the Kiwanis Club of Victoria less than a year ago, that he did not think the cost of the Arena would exceed \$458,000, or approximately \$110 per seat. It now seems that an amount of \$730,000 will be inadequate, and while this fact is regrettable it is difficult to see why Alderman Skillings should have lost faith in the contractors, and should include them in his condemnation of Mr. Hamilton.

As a matter of fact the Arena is now being completed by the City on a day work basis and it is my understanding that at the time of his appointment to the Arena Committee Mr. Skillings urged that the City give up the idea of finishing the job day work, and seek a contract price for the completion of the building. This would have meant a delay inasmuch as final plans and specifications were still not prepared but a delay at that time would have been preferable to the present situation. It is unfortunate that Alderman Skillings was over-ruled, but he at least deserves credit for attempting to put the job on a business basis.

Again I wish to repeat that it is very unfair to see the contractors continually blamed for the present status of the Arena when in fact, the contractors are in no way responsible for the existing state of affairs.

Victoria Builders' Exchange Limited
G. H. Wheaton, President.

Global Survey

By DEWITT MACKENZIE
Associated Press News Analyst

THE futility of Prime Minister Neville Chamberlain's efforts at appeasing Adolf Hitler 10 years ago and so achieving "peace in our time," pivoted on a fact which wasn't realized even by German officialdom at the beginning of the negotiations at Berchtesgaden over the Fuehrer's demands on Czechoslovakia.

This was that Hitler already had evil designs for large-scale conquest. It was only recently that this was made known to me by Dr. Erich Kordt, who at the time of the negotiations was chief of the German Foreign Office secretariat and now is a professor in the University of Munich.

FOR PRESTIGE

Dr. Kordt told me it was Hitler's brutal dealing with Chamberlain at Godesberg (the second conference which tipped the Nazi chiefs' hand to his executives. At that moment the Fuehrer wanted not a settlement but a "little war" to enhance his prestige, and so planned an assault on Czechoslovakia. The "big war" would come later.

The upshot of the historic parley at Berchtesgaden had been that the Prime Minister took back to Britain Hitler's daring and savage demand that he be allowed to annex the Czechoslovakian Sudetenland inhabited by Germans. There followed the momentous meeting between Chamberlain and French Premier Edouard Daladier in London Sept. 19—momentous because the trend of world destiny rested in the hands of two men. Wishfully thinking, they clung to the idea of placating Hitler.

Their decision apparently was to drop all resistance to part, or all, of the dictator's demands on Czechoslovakia. They hoped to get in return a general European settlement. In any event, the two great European democracies finally decided, after much heart-searching, against fighting to preserve the unity of Czechoslovakia as then constituted. The little new republic was to be sold down the river in the supposed interests of peace.

On Sept. 21 the Czechoslovak government, feeling deserted and alone, announced the acceptance of the Anglo-French plans for restoring Hitler's demands.

NOBODY CHEERED

Thus it came about that Sept. 22 Chamberlain flew to Godesberg on the Rhine to try to buy European peace at Czechoslovakia's expense. A week earlier when he left for Berchtesgaden great throngs had cheered him as the emissary of peace. Setting out for Godesberg he was booed by one person in the crowd gathered in front of his Downing Street residence. Several exchanged hands, but nobody cheered.

The conference was faced with the fact that while Czechoslovakia had bowed to the Anglo-French plan, she had sworn to resist armed invasion and had mobilized her troops. Hitler's final fierce word demanded (1) cancellation of the Czechoslovak mobilization order, and (2) permission for German troops or the Sudeten Free Corps to march into the border land already sacrificed to the Reich by the Anglo-French plan.

The conference was close to a rupture when a harassed Chamberlain finally salvaged it with a midnight promise to put new pressure on Prague to meet Hitler's demands. The Prime Minister demanded no mass violence against Czechoslovakia. Chamberlain went home to London to urge Prague to accept and so keep Europe's great armies from being unleashed.

WHAT DIFFERENCE?

Windsor Star
A Baltimore psychiatrist claims daytime drinking causes "inefficiency, absenteeism, costly errors of judgment and accidents." We aren't a psychiatrist, but we thought nighttime drinking had the same effects.

UNSEEMLY

Toronto Star
A storm of protest has followed the reported statement of Hon. T. L. Kennedy that heads of households grumble about the price of milk but not about the price of beer.

Surely Mr. Kennedy knows the difference; knows that milk is a necessary food—one of the most valuable; knows that it is above all an essential food for children. This linking it up with beer is an unseemly thing. The two have nothing in common. To make an acceptance of beer prices an excuse for high milk prices is not worthy of the minister of agriculture.

Moral Victory

Montreal Gazette

There is only one way to peace, and that is by a decisive moral victory over the Soviet Union. This is the only principle that will guarantee the Soviet signatories. For the Soviet Union will keep its word only when it has been made to realize that it cannot do otherwise.

Tie That

T.D.F. in the Ottawa Citizen

Excellent fishing is reported from Thedford, Ont., where an angler hooked into a big black walnut log, brought it safely ashore and sold it to a furniture factory for \$500. Let our favorite placardist raconteur, Bro. Bower, tie that.

Oak Bay Councillor Resigns

Councillor C. C. Annett Wednesday evening tendered his resignation from Oak Bay Council.

The resignation was tendered by the councillor, who is chairman of the municipality's finance committee, because he has sold his Oak Bay home and is no longer a property owner there.

However, Mr. Annett told the council he plans to purchase other property in the municipality and hopes he will have another opportunity of serving on the council.

The council accepted Mr. An-

nett's resignation with regret and found itself faced with the problem of whether or not there would have to be an election of another councillor to serve until the December elections.

Reeve R. A. B. Wootton spoke in favor of leaving the matter until the elections if possible. It was finally decided that regulations covering the situation would be studied and a report submitted.

In the meantime, Councillor J. V. Johnson will serve as chairman of the finance committee, succeeding Mr. Annett.

Oak Bay Engineer Gets Convention Post

A. S. G. Musgrave, Oak Bay municipal engineer, has accepted a request from the Pacific Northwest section of the American Waterworks Association to act as program committee chairman for the May, 1949, convention of the association's section in Portland.

Mr. Musgrave's acceptance was approved by Oak Bay council Wednesday evening on receipt of the request from the chairman of the association's section.

Oak Bay Councillors Offer Condolences

Official and unofficial condolences were offered by Oak Bay councillors Wednesday evening to Vancouver council on the death of Mayor Charles Jones, and to Mrs. Jones.

Reeve R. A. B. Wootton referred to the late Mayor Jones as a man who gave a tremendous number of years in municipal service. Councillor J. V. Johnson said the Vancouver mayor had played an important part in the life of the province.

Requests Oak Bay To Alter Zoning For Nursing Homes

Oak Bay's welfare council will study an application for an amendment to the municipality's zoning by-law to allow establishment of nursing homes within the municipality.

The request was made at the council's meeting Wednesday evening by the municipal social welfare officer, Miss M. Nickerson, who pointed out that provisions for nursing homes in Oak Bay were omitted when the by-law was first drawn up.

Miss Nickerson surmised that this omission may have been because very little need existed for them 20 years ago, but told the council the need for such establishments now is very great.

She asked the council if it would be willing to sanction an amendment to the zoning by-law to permit such homes in retail or apartment districts.

The Victoria welfare officer had been most co-operative in placing Oak Bay welfare cases, Miss Nickerson said, "but accommodation gets more and more scarce, and we are not entitled to first consideration in placements."

An inquiry concerning establishment of a nursing home in Oak Bay has already been received, she said, and the applicant was informed that such homes were not permitted as the law now stands.

Oak Bay Approves Bus Fare Increase

Oak Bay council Wednesday evening fell in line with the rest of the Greater Victoria municipalities and gave its approval to the proposed new Greater Victoria bus fare structure.

The councillors endorsed the section of their representative on the Greater Victoria transportation committee who voted in favor of a revision of the fares.

A Public Utilities Commission public hearing will be held at the Legislative Buildings Monday to review the fare increase.

Complain Tree, Scrub Hazards In Oak Bay

Two Oak Bay residents Wednesday evening complained to their municipal council about a tree and scrub on the municipality's streets.

One complaint was from J. M. Pettit, 1001 Foul Bay Road, who wanted attention paid to an oak tree on the east corner of Hewlett Place and Brighton Avenue whose branches were masking the street light there.

The second was from P. Vernon-Jackson who complained of the high growth of scrub on the roadway adjoining his lot on Prospect Place. The scrub, he said, constituted a hazard from cars going down the hill as they were unable to see his car backing out of the garage.

Both complaints were referred to A. S. G. Musgrave, municipal engineer, for a report.

Complimented For Work In Willows Fire

Oak Bay Council Wednesday evening complimented the municipality's fire and police departments on their handling of the fire which destroyed the Goat Building in Willows Fairgrounds Sept. 7.

In issuing the compliment, the council remarked that but for the work of the departments the fire might have been worse than it was.

SMOKE SCARE

Oak Bay fire department equipment and men attended at 1173 Hewlett Place at 9:30 last night in response to an alarm which turned out to be a smoke scare. Wet paper and wood is believed to have caused the kitchen stove to backfire.

SCOTTISH TO PARADE

The Canadian Scottish Regt., headed by its pipe and brass bands, will parade through the downtown area Sunday morning to mark the opening of Army Week.

All ranks are asked to fall in at the Bay Street Armory at 9:30 Sunday morning.

New School Zoning To Be Studied By Oak Bay Officials

Oak Bay's police commission will study a proposal to amend the Motor Vehicle Act to add a new type of school crossing with new regulations for motorists applying.

The motion, made by Councillor George Murdoch, would amend the act to require a school crossing consisting of two parallel yellow lines with white diagonal lines across a highway as a school crossing.

It would also require that when such a crossing is occupied, between the hours of 8 in the morning and 5 in the afternoon on schooldays, the operator of every vehicle "shall bring his vehicle to a complete stop and shall not again proceed until such crossing is clear."

Councillor Murdoch supported his reasons for introducing the motion by claiming that police statistics reported 10 per cent of all drivers were dangerous drivers. According to this, he argued, Oak Bay, with 2,500 automobiles, had 250 dangerous drivers... and it would take only one to kill a child.

OPPOSES MOTION

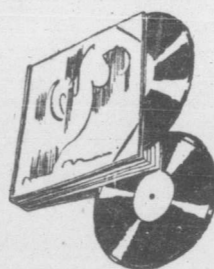

He met with opposition on the part of Councillor George Ellis who did not think such precautions were necessary.

From previous municipal experience in Burnaby on the mainland, he said, he had found that, with policing, even such a thoroughfare as Kingsway could be handled adequately with the present system of school signs. In four years, he said, there had not been one case of a child knocked down.

In addition, he pointed out that such an amendment to the act would cover the entire province where, in many cases, gravel roads ran past schools... and these roads could not be painted

with the suggested yellow and white lines.

On the recommendation of Reeve R. A. B. Wootton, the matter was referred to the police commission for a report.

Commonwealth Discussions Will Help Shape World Events

By FORBES RUDE
Canadian Press Business Editor

The British Commonwealth will take a good look at itself in the next few weeks in deliberations which will affect its future and that of the world.

The specific gatherings are:
The conference of prime ministers opening in London Oct. 11.
The congress of the Federation of Chambers of Commerce of the British Empire in Johannesburg Sept. 20 to 24.

The visit of Sir Stafford Cripps to Ottawa, starting Sept. 19.

These are matters of trade, politics and a way of life; and many people shudder at the casual manner in which Commonwealth people in peacetime take their way of life for granted.

In Commonwealth action it can be argued, though many will disagree, that Canadians are most effective. In a combination of action and vocal expression, Australians may express clearer vision.

HOPES AND FEARS

This is what Robert Menzies, leader of the Australian opposition, said recently:

"It is a terrifying paradox that the Empire which has twice delivered the world from disaster has exhibited so many signs of breaking up in the last two years."

And Herbert V. Evatt, Australian Minister for External Affairs and Deputy Prime Minister, taking a more hopeful view in London:

"When the group of British Commonwealth nations meets in London in October, India, Pakistan and Ceylon will all be fully represented. This unique Commonwealth of Nations is not decreasing but increasing in number."

EAST-WEST HEALER

The question seems to be, as expressed by these spokesmen, whether the Commonwealth has sufficient faith in itself to give a leadership, based upon experience with mutual trust, to peoples who want to get along together. None of them thinks in terms of by-passing the United Nations, but of bringing a greater contribution to that body, of supplying an example of what it should be on a larger scale.

ROLE FOR INDIA

Most interesting in Mr. Evatt's remarks are his references to the newer Commonwealth "to which we are rapidly evolving" and to India, Pakistan and Ceylon. It is difficult to assess what is the inner feeling of that sub-continent in its present troubles, but it may be that just as Canada has been the touchstone between Britain and the United States, India may be the great healer between east and west.

In this Commonwealth picture Canada has not been notably vocal. Whether or not she should be, it may be that her genius has been behind the

Conservatives Won't Oppose Pearson At East Algoma Poll

LITTLE CURRENT, Ont. (CP)—The East Algoma Progressive Conservative Association announced Wednesday night it will not oppose Lester B. Pearson, Minister of External Affairs, in the by-election in the constituency Oct. 25.

Mr. Pearson, who recently took over the portfolio, is running as a Liberal candidate. The seat was held for years by Thomas Farquhar, a Liberal, who recently was appointed to the Senate.

Albert Rolston, president of the Progressive Conservative Association, said: "In view of the disturbed circumstances surrounding foreign affairs and the fact that a general election will probably be held in 1949, the executive of the association does not feel justified in keeping the new minister from his office for the time necessary to contest a by-election in this constituency."

Mr. Farquhar, who lives on a farm near this Manitoulin Island town, said the Liberals of the constituency welcomed the decision. He said he hoped the C.C.F. and Social Credit parties would take similar action. "We would like to have an acclamation so he will not have to take time from his desk for electioneering."

(Wednesday, at Sault Ste. Marie, John J. Fitzgerald, Ontario Social Credit leader, said his party would contest the by-election. Mr. Fitzgerald lives in Blind River, largest town in Algoma East. The C.C.F. has announced it planned to enter a candidate.)

Chief J. McLellan Back At His Post

Due to go on the retirement list at the end of the year, Chief of Police John A. McLellan is back at his desk at the Fisgard Street police station on a part-time basis.

The chief has made a remark-

able recovery from serious injuries suffered when struck by a falling 55-foot fire ladder at the rear of the Victoria Fire Department building, on the south side of the public market square, on Dec. 8.

Insp. John Blackstock has been acting-chief since the chief was hospitalized. When Chief McLellan is not available for work, Insp. Blackstock will fill the chief constable's position.

Industrial Payrolls At New Peak In July

OTTAWA (CP)—The index of industrial employment hit a new high at July 1 and average weekly earnings of employees climbed to a new peak, the Bureau of Statistics reported Wednesday.

The 19,043 leading employers in the eight major industrial

divisions co-operating in the bureau's monthly survey of employment and payrolls reported they had 2,040,283 employees at July 1. This was an increase of 2.4 per cent over June 1. The payrolls totaled \$82,637,144, an increase of 3.7 over the previous month.

Based on the 1926 average as 100, the general index number of employment stood at 197.0 as compared with 192.3 at June 1 and 189.5 at July 1, 1947.

Weak, Tired, Nervous, Peppless Men, Women

Get New Vim, Vigor, Vitality

Say goodbye to those weak, always tired feelings, depression and nervousness due to weak, thin blood. Get up feeling fresh, be peppy all day, have plenty of vitality left over by evening. Victoria Girl Gains New Scholastic Laurels

MISS SHEILA McDONOUGH

The Canadian Pacific Railway scholarship, open to employees and their dependents throughout Canada, was won this year by a petite, blonde, 19-year-old Victoria girl.

She is Miss Sheila McDonough, daughter of Mr. and Mrs. B. T.

McDonough, 32 Howe Street, and grand-daughter of Hon. W. C. Simmons, Coltswood Road.

The scholarship, awarded to the college student with the highest average, was won by Miss McDonough, who finished her college year with an 89 per cent average. The award will enable her to take a three-year arts course at McGill University, majoring in English.

The clever scholar is also the winner this year of the University Women's Club scholarship, awarded to the girl student at

Victoria College with the highest average marks. Last year, on graduating from Victoria high school, she was awarded the Women's Canadian Club scholarship for the highest average marks made by a girl student.

Formerly of Calgary and Vancouver, Miss McDonough came to Victoria three years ago with her parents. Her father is with the CPR purchasing department.

Miss McDonough is a golf enthusiast, participates in most sports, and claims music as a hobby.

Personal Notes

Miss Gay Elkington, daughter of Dr. and Mrs. E. H. Elkington, 572 Island Road, leaves tomorrow for Montreal where she will enter third year arts at McGill University, majoring in French.

Mr. and Mrs. P. J. Sinnott and Miss Patsy-Ruth Sinnott have returned to their home "Dereen Place," Rockland Avenue, after a month's holiday in eastern Canadian cities and in New York.

Capt. S. Kissinger and Mrs. Kissinger of Fort Lawton, Wash., who were married in Tokyo, Japan, are honeymooning in Victoria, staying at the Old England Guest House, Lampson Street. Another honeymoon couple at the guest house is Mr. and Mrs. J. D. Over of Portland. Other guests from Portland include Mr. and Mrs. L. Wilhelm.

Miss H. M. Finch, who has been spending an extended vacation in Victoria, was honor guest at a farewell luncheon party yesterday at Old England Guest House, prior to her departure for her home in St. Andrews, Scotland. Others present were Miss Maud Bessonne, Mesdames Ellen Wrigglesworth, Mary Topp, M. H. Parkes and M. Turner.

Mr. Charles E. Wilson has returned to her Joan Crescent home, following a holiday at Jasper Park Lodge, Jasper National Park, during the recent golf week. En route to Victoria, Mrs. Wilson spent a short time in Vancouver, the guest of her son and daughter-in-law, Dr. and Mrs. Roger Wilson.

Mr. and Mrs. Bernhard Kjekstad, with their small son Eric, left for Toronto yesterday, where Mr. Kjekstad will continue studies in fourth year dentistry at the University of Toronto.

Brig. and Mrs. Clarence Cockburn, recently arrived from London, Eng., are staying at 2500 Central Avenue for the winter months. Brig. Cockburn is the youngest son of the late Dr. L. W. Cockburn and Mrs. Cockburn of Hamilton, Ont., and a brother of Mrs. Michael Bell-Irving, Oak Bay.

Miss Evelyn and Betty Prisk, daughters of Mr. and Mrs. John Prisk, 1528 Camosun Street, left by plane this morning for California where they will spend the next year. Miss Evelyn Prisk, who was formerly on the teaching staff at Victoria High School, will attend University of California and Miss Betty Prisk will join the staff of the Children's Hospital of the East Bay, Oakland.

Mrs. Len Rayer and Mrs. M. W. Pigot, were hostesses at a miscellaneous shower, at the home of the former, 2560 Empire Street, last Monday evening, to honor Miss Lorraine Reiher, who is to be married this Friday. A corsage bouquet of American Beauty roses was presented to the honor guest, with the gifts in a box incorporated in pale green and pink. A buffet supper was served. Other guests were Mesdames J. Allan, E. Ackerman, W. Emerson, H. Brown, M. P. Jobbins, E. Peerless, Misses Lottie Reiher, E. Lamb and Jean Rayer.

Board Members Volunteer As Canvassers For Chest

Every member present at Victorian Order of Nurses board meeting, Tuesday, volunteered as canvasser for the Community Chest Campaign starting Oct. 4. Mrs. Edward Mallek, vice-president, presided.

To prevent crowding the Community Chest Campaign, it was decided that the annual V.O.N. rummage sale in the fall would be postponed until spring. Rummage that has already been prepared will be collected until Oct. 15, in answer to telephone calls to V.O.N. headquarters, where it will be stored until spring.

Miss Marjorie Baird, supervisor, with members of the nursing staff, will act as hostesses to board members on Sept. 23 and Sept. 30, at 3 p.m., at V.O.N. headquarters, 1234 Pandora Avenue, when practical demonstrations of V.O.N. service will be given and the working and equipment of the office will be shown.

It was decided that V.O.N. nurses should receive salary increases to bring their total salaries equal to those paid for the same service elsewhere. The big increase in visits to cancer and chronic patients made during the two summer months was commented upon by the supervisor in her report. This year the total was 1,089, as against 807 in 1947.

Miss Baird emphasized again that this problem is steadily increasing, and the urgent need for more institutions in Victoria for the care of this type of patient. There were 1,445 visits made to mothers and babies; 1,107 medical and surgical calls; 325 for health instruction; 885 to chronic patients, and 204 to cancer cases. Total number of visits was 4,166.

Miss Baird described her 11-weeks' course in public health supervision at the University of Minnesota as a stimulating experience.

Pound Party Oct. 7 At B.C. Orphanage

The annual pound party of the B.C. Protestant Orphanage, will be held Oct. 7, from 3 to 6, at the Home on Cook Street, it was announced today.

Donations of foods, supplies, fruits, and money will be received. There are 45 children in the home, which is entirely supported by public voluntary contributions. Directors have expressed the hope that Victoria citizens will assist in carrying on the greatly needed work.

President of the ladies' committee, Mrs. Walter Lundy, will welcome guests, who will be taken on a tour of the home by members of the Board.

Afternoon tea will be served, and a program of solos and chorus numbers by the children, presented.

To avoid a dry-looking, leathery face now that fall is here, don't neglect daily lubrication of your skin. Cream your face and neck nightly, especially if you have been exposed to the sun during the day.

Sisters Together For Short Visit

Mrs. J. L. Hobbs, right, with her sister, Mrs. A. C. Riddell of Pasadena, Calif. Mr. and Mrs. Riddell motored to Victoria for a short vacation. They will leave again tonight for Vancouver and from there will motor back to their home, stopping en route for a visit at San Jose. This is the first time in seven years that the sisters have been together.

Miss Woodcroft Wed In Afternoon Rites

An exquisite gold necklace set with pearls, and a lovely full-length veil of Carrickmacross lace, both belonging to her great-grandmother, enhanced the beauty of the classic bridal robe of white crepe worn by Miss Helen Woodcroft, when she became the bride of George C. Vair Wednesday afternoon.

St. Mary's Church, Oak Bay, the scene of the ceremony performed by Archdeacon A. E. de L. Nunns, was decorated with white gladioli and early autumn flowers.

The bride, daughter of Mrs. Alfred Woodcroft, 2426 Windsor Road, and the late Mr. Woodcroft, was given in marriage by her brother, Derek Woodcroft.

She carried fragrant gardenias, stephanotis and carnations in her bouquet.

Miss Angela Dick, her cousin's only attendant, chose a gown of palest of blue taffeta for the occasion. Bronze, yellow and white chrysanthemums were arranged in her crescent bouquet.

Rodney Poisson was groomsman.

Following a reception for immediate relatives and intimate friends, at the Woodcroft home, the couple left by motor for a trip up-island and through United States. With her jade green wool suit the bride chose violet accessories and violets in corsage.

Mr. and Mrs. Vair will reside in Montreal.

Study Groups Formed At First Meeting

Meeting of Victoria University Women's Club, held Wednesday evening in the Liberal rooms, Government Street, was in the form of an informal reception for old and new members.

Mrs. K. O. Wright presided and the following study groups were formed under named leaders: Canadian affairs, Mrs. A. J. Butterfield; history of British Columbia, Dr. Margaret Newton; education, Miss Isla Tuck; music study, Miss H. Staghall; child study, Miss M. James; French culture, Mme. L. G. d'Estrube; literature, Mrs. Williams; mental health, Dr. Marian Sherman; art, Mrs. J. W. L. Price; and co-operative art of living, Dr. I. B. Hudson. Registration for these groups was in charge of Mrs. B. E. Porritt.

Program for the year was presented by Mrs. J. F. K. English, followed by a social hour in the attractive lounge of the new clubrooms.

Purpose of the University Women's Club is to promote culture, encourage research work, stimulate intellectual achievement among members, to give financial aid to deserving undergraduates and to advance the cause of education.

Xi Beta Chapter Honors New Members

Mrs. Winnie Wardman and members of Xi Beta Chapter, Beta Sigma Phi Sorority were hostesses at a dinner party at the Wardman home to honor six new chapter members. Guests of honor were Mrs. Norma Taaffe, and Misses Louise Michaux, Molly Scott, Dorothy Waller, Mary Horan and Doreen Cleator. A buffet supper was served by the hostess, assisted by Mrs. Barbara Brown and the social committee.

During the business period which followed, announcement was made of the annual fall banquet to be held at the Empress Hotel, Oct. 26, when new members will be formally initiated into the Exemplar Chapter.

The cultural program for the year was outlined by Mrs. Jean Levis, and will include study of Germany, Mexico and South America.

English Girls Superior Models

NEW YORK (AP)—British girls have "a special ladylike quality that makes them superior to American girls in a new trend in fashion modeling, a model agency head said today.

Clyde Matthews declared that "the day of the glamor girl and well-scrubbed American type of beauty is passed in the fashion business."

He's sending a "shopping expedition" to Britain for "outstanding English beauties" to come here to work, Matthews said in an interview.

"The trend is toward a more refined, delicate type of beauty," he said. "We feel this trend is in line with the current psychology of the times."

Clubwomen's News

Mothers' Club—First meeting of the fall season of St. Louis College Mothers' Club was held Tuesday evening with Mrs. W. Rogers presiding and 44 mothers present. New members were welcomed by Mrs. Rogers and the moderator of the club, Rev. Bro. M. Walsh. Secretary and treasurer's reports were given by Mesdames G. Law and W. Milligan. Arrangements were made to hold a bingo party at the college, Sept. 25, with Mrs. H. Cote as convener. It was decided that the monthly meeting of the club would be on the second Tuesday of each month. At conclusion of business, refreshments were served.

Canadian Daughters—Mrs. R. H. McInnes presided at a meeting of Canadian Daughters' League, Assembly No. 5, held Wednesday evening in the Business and Professional Women's clubroom, and also read a paper, "Canadian Citizenship and Some of its Concepts," which she first gave at the Canadian Daughters national convention at Jasper in early summer. Reports were given by Mrs. W. Ledingham, bazaar on Nov. 6; Mrs. H. Hewitt, educational convener; Mrs. G. Ralston, Local Council. Plans were made for a shower of goods for food parcels for Britain on Oct. 26, and an invitation extended to Provincial Council to hold its next session in Victoria.

Plan Fall Projects

Several projects were discussed to raise funds for purchase of new X-ray equipment for the cancer clinic at a meeting of the Junior Auxiliary to St. Joseph's Hospital, Mrs. Robert Pearce, president, was in the chair. A new junior auxiliary pin was chosen by members, and plans were made for its distribution at the next meeting. Plans were all prepared for the "rat home" which will be held early in October. New members were welcomed to the auxiliary.

Girl Guide Notes

Tillicum—Plans for a telephone court whist, Sept. 15 to 30, inclusive, were made at a meeting of Tillicum Guides and Brownie Local Association. Lack of co-operation on part of parents was discussed and an intensive membership drive planned for the coming year.

'Drunken Continent,'
W.C.T.U. Head Says

TORONTO (CP)—Mrs. John Wickson, president of the Women's Christian Temperance Union, told the 33rd annual meeting Wednesday that North America is the world's most prosperous—and most drunken—continent.

"Liquor spending in the United States has reached a total of \$9,600,000,000," she said. "Canada's drink bill is close to half a billion dollars." In Canada consumption of alcoholic beverages increased 288 per cent from 1928 to 1947 while the population increased only 35 per cent.

Illusion settings of platinum and palladium enhance the brilliance of your diamonds and give them the appearance of larger surfaces.

P.T.A. News

Gordon Head—Mrs. G. W. Pottinger, president, Victoria and District Parent-Teacher Council, will install new officers at the first fall meeting of the Gordon Head P.T.A., Monday at 7.45. Parents of children in grades one to four will be introduced to Miss D. Adams, primary teacher. Following business, refreshments will be served.

Margaret Jenkins—J. F. K. English, senior municipal inspector of schools for Greater Victoria, installed the following officers at a meeting of the Margaret Jenkins P.T.A.: President, Mrs. A. F. Davidson; second vice-president, Mrs. R. T. Wallace; treasurer, G. F. Howard; program, Mrs. L. H. Hardie; membership, Mrs. H. C. Gilliland; health and safety, Mrs. W. A. McElmoyle; radio and recreation, Mrs. D. Lytle; hospitality, H. R. Byers; social, Mrs. D. R. Vaughan-Smith; publicity, Mrs. R. A. Lawrance. Mesdames G. W. Pottinger, A. Unwin, A. F. Davidson and T. W. A. Gray and D. Lytle were appointed delegates to the Victoria and District Parent-Teacher Council, with Mrs. E. L. Fullerton as alternate. Mrs. Gray gave a report on a survey of undesirable literature for sale at local newsstands and displayed 25 different copies of crime comic books. W. H. Muncy, principal, gave an address on his recent trip to England. Films were shown, to demonstrate the recently purchased sound projector.

Convenes Exhibit For Blind Citizens

MRS. KENNETH L. PATTON

Saturday morning in the Public Market there will be an exhibit, sponsored by the Women's Auxiliary, Victoria Branch, Canadian Institute for the Blind, showing vegetables and flowers grown by blind citizens of Victoria. There will also be a stall of articles for sale and one of handicrafts done by the blind. Mrs. Kenneth Patton, a member of the auxiliary, is convening the affair, assisted by Mrs. J. W. Ruggles and Mrs. H. Weldon.

Wary Bachelors
Prove Allergic
To 'She-Wolves'

NEW YORK (AP)—Memo to the girls: there's a bounty on your pretty heads. It's not for being little dears. It's because, say the boys, you act like little wolves.

Why have the boys decided your coat is too fuzzy and your teeth too sharp? If you don't know, their advice is to examine the wolf traps you've planted in your own backyard.

It's the girls with the "smooth line" who keeps them jumping. She picks a man by formula—a half-teaspoonful of this and an ounce of that. Then she talks for the kill.

If you don't want to wear a wolf-skin, tagged "poison" by the boys, better scan their definitions of a wolf-girl. According to them she is:

A pursuer . . . In what other generation, they ask, was the male so wined, dined and dazzled by females? The girls create so much competition for themselves that they are apt to be out of the running before the race starts.

LACKS PRIDE

Lacking in pride . . . It has become an indoor pastime for girls to compare notes on their more romantic moments with the male.

Promiscuous . . . The kiss has become too casual and is no longer a seal of esteem and affection.

Glamor bent . . . More girls every day think that rearing a family went out with the horse and buggy.

Mercenary . . . Judges a man wholly by the size of his pocket-book and whether he opens it often.

A social snob . . . Only wants to know the best people, dates boys who look well with her when she wants to impress people.

Flaunter . . . Wears gowns which leave too little to the imagination.

A mush artist . . . She calls everybody darling and isn't happy unless she gets a "line" in return.

If you want to get your third finger left hand in the wedding pie, be a man's girl instead of looking for a girl's man. The boys claim they won't give up a beach-head in bachelorhood to launch a wife on a glamor career.

Kept Budget Secrets
For Quarter-Century

CAPETOWN (CP)—A woman who knows how to keep a secret—she's kept budget secrets for 25 years—has been presented with an inscribed silver tray by the South African treasury. The recipient is Miss Elizabeth

Hay Anderson, confidential typist to the treasury, who has typed the annual budgets of South Africa's finance ministers since 1924 and shared their secrets with only two others, the minister and the secretary of finance.

Miss Anderson, who was born in Glasgow, came to South Africa as a schoolgirl.

Women Poor Drivers?
They're Good Fliers

HALIFAX (CP)—The man who hesitates to teach his wife to drive need no longer wait for the era of rubber lamp posts before satisfying the car-crazy little woman.

"Let the missus take up flying lessons is the answer to your fender problem," says G. Howard Hobson, Halifax Flying Club president.

Mr. Hobson says that some of the worst women car drivers makes some of the best fliers. He doesn't say whether the same applies to men.

California Fashions

LOS ANGELES (AP)—Ardan calls his fashion collection "California convertibles."

More frilly and feminine than those of the convertible designs, Ardan's strip-down gowns generally start with a semi-long patio dress. Rompers are the bottom garment, maintaining the old-fashioned-girl look with which the style began.

Continuing the "when-grand-mother-was-a-girl" pace is a pantaloons model. The pantaloons and tight little bodice make a most attractive and feminine lounge pyjama suit. Of course there is a skirt, too.

Early September Wedding Principals

Robert William Hayes Acton and his bride, the former Audrey Collinson, who recently arrived from England, were married at St. John's Church in a ceremony performed by Rev. George Biddle. Mrs. Acton is the daughter of Mrs. Elizabeth Collinson; 2747 Graham Street, and the groom is the son of Leonard Acton, Victoria, and the late Mrs. Acton.—(Photo by Alfred Toone)

Dorothy Dix

GOOD WIFE IS GOOD COOK

Dear Dorothy Dix: My husband is always quarreling about my cooking and sometimes he gets so mad he just won't eat at all. Don't you think that when a woman does her best to please her husband that he should eat what she cooks?

UNHAPPY WIFE

Answer: Now there is no earthly excuse for a woman being a poor cook, for there are innumerable cookbooks that tell just exactly how to prepare every sort of food, just how long it should be cooked, just how hot the oven should be, and if she will follow these rules she cannot fail.

Personally, I don't blame any man for kicking the roof off of the house when his wife sits him down to a bad meal and offers him coffee that tastes like lukewarm dishwater, and food that would kill an ostrich. He has paid for good food, and he has a right to expect her not to ruin it in the cooking.

Moreover, more than the pleasure of his palate is involved. His life and his health and that of his children depend upon the way they are fed. A large proportion of the sickness and inefficiency of people is due to their being undernourished, and half of the undernourishment is the direct result of bad cooking.

If a man is not well fed, he becomes cross and pessimistic and dyspeptic and nobody wants to deal with him, and so his earning power is decreased. Many a man's failure is directly traceable to his wife's bad cooking.

LEARN TO COOK

So my advice to you is that instead of feeling that your husband is a brute to growl over your cooking, suppose you go to work in earnest and learn how to be a crackerjack cook? I think this will improve your husband's disposition.

Chef's Salad

One head lettuce, 1 head romaine, 1 cucumber, 3 tomatoes, 1/4 cup sliced stuffed olives, 1/4 cup diced sharp cheddar cheese, 2 cups sliced beef tongue.

Arrange crisp greens in salad bowl. Score and slice cucumber. Cut tomatoes in wedges, add to salad bowl with olives, cheese and tongue. Just before serving, toss with Piquant dressing, six servings.

FOR A Velvet Blend...

USE

Carnation

... you'll say "magic"

Creamy-smooth Carnation Milk is wonderful for cooking. It velvet-blends perfectly with other foods, in all milk-rich dishes. It whips . . . it freezes . . . it's flavorful . . . it's economical and convenient.

GOLDEN EGGS 'n' PEAS, CARNATION

1/4 cup butter 1/4 teaspoon Worcestershire sauce
1/4 cup flour 1/4 Dash white pepper
1 oil can Carnation Milk mixed with 6 hard-cooked eggs, cut in wedges
1/4 cup water 1 cup cooked peas
1/4 teaspoon salt

Make a cream sauce. Melt butter in double boiler, add flour, blend thoroughly; add diluted Carnation gradually, stirring constantly; add seasonings, stir and cook over hot water 5 minutes or until thickened. Add eggs and peas; re-heat. On toast rounds lay tomato slices, pour creamed eggs over all. Serves 6 to 8.

FOR BABY ask your doctor about a formula prepared with safe, nourishing, digestible Carnation Milk, irradiated for extra vitamin D—400 units per pint . . . a universally approved milk for babies and children.

"From Contented Cows"

Attention...

'Miss Canada' Televised For The First Time

"Miss Canada 1948," honey-blond Betty Jean Ferguson, is shown above being televised in Toronto. The 20-year-old Halifax beauty, whose appearances at the Canadian National Exhibition were a succession of personal triumphs, is seen at the left, posed for the television camera. At the right is the first television screening ever made of a "Miss Canada." It was done at the RCA Victor exhibit at the big Toronto fair.

Jury Told Girl Led To Death In River By 'The Holy Spirit'

PALMER RAPIDS, Ont. (CP)—A story of religious emotion stirring a girl to wade blindly to her death by drowning was on the records of a coroner's inquest here today.

A jury summoned by the Ontario Attorney-General's department heard Wednesday that Violet Gogolin, 18-year-old daughter of a prosperous farmer, was driven by "the Holy Spirit" to walk into the Madawaska River Aug. 22 after a seven-hour "praise the Lord" meeting in the family's riverside home.

The jury heard a strange tale of a family religion, of girls receiving "blessings" in the form of "born-again experiences," of various family members guided by "the Holy Spirit" in their movements—all climaxed by Violet's early-morning walk to death after she had got a "blessing" at 4 a.m.

Sitting in the tumbledown meeting hall of this village 100 miles west of Ottawa, the panel of farmers and lumbermen listened with mouths agape as Violet's father, sister and other relatives, all clutching well-thumbed Bibles, told of events in their isolated home deep in the timber country.

NO ONE BLAMED

Finally, they decided simply that the girl had died by drowning, with no one held responsible.

For the girl's family—four of whom testified—there was no doubt in their evidence that a supernatural force had impelled her to go into the water.

Their story was that the family, led by 55-year-old Henry Gogolin, the girl's father, a well-to-do farmer of German descent, had been holding a family service of worship—consisting mostly of "praising the Lord"—from 9 p.m. of the previous night until 4 o'clock of the morning Violet died.

At about 4 o'clock, they related, Violet "received a blessing." This consisted of a "born-again experience," which is as far as the explanation went.

STEERED BY 'SPIRIT'

After the blessing, Violet and her 23-year-old sister Viola—who had received a "blessing" the previous night—left the house, not knowing where they were going and steered only by the "spirit."

Viola, a composed figure in an old-fashioned cotton dress reaching to her cotton-hosed ankles, told the story.

"I was led to go on—I didn't know where," she said. She held her Bible to her body with both hands.

Both were "praising the Lord" as they walked along in the dark, eventually coming to the river. At the water, Violet said, "Faith is the victory."

"Then," Viola recounted, "Violet walked into the water until it pretty well covered her head."

There was no outcry, no struggle. Violet could not swim. She just disappeared in about six feet of water.

There was a boat nearby, and the sister said she "made a step to go into it to reach for her."

"But I was pushed back by the spirit," she said.

"Violet," she told the jury, "was led by the Holy Spirit."

TAKEN FROM RIVER

The family waited until daylight and then went to the river. They saw the body of Violet lying in about six feet of water. About three hours later the body, clad in a long flowing robe, was taken out of the water.

Anesthetics Credited For Cut In Baby Deaths

VANCOUVER (CP)—Use of anesthetics for painless childbirth was partially credited here Wednesday for this city's decreasing infant mortality rate.

Dr. S. Stewart Murray, senior city health officer, said the anesthetics were used only when needed and were partly the reason for the decline in the city's infant mortality rate during the last year from 30 deaths per 1,000 births to the present 24.9.

His comparison was reported to a metropolitan health committee meeting to refute a previous claim by Dr. Alice Woodhead, an English obstetrician, that modern mothers were being coddled too much.

Dr. Murray said medical aids could facilitate childbirth if used intelligently at the time of labor.

Presbytery Lauds Dr. Hugh A. McLeod As Session Opens

High tribute was paid to Dr. Hugh A. McLeod, who will leave Victoria shortly to take charge of the Knox United Church, Winnipeg, at the opening meeting of the Victoria Presbytery of the United Church of Canada at Metropolitan Church Wednesday.

Dr. McLeod has been minister of the First United Church here for the past 11 years. During that time he has been a leader in groups associated with the United Church. He is a former chairman of the Victoria Presbytery and at the present time is president of the British Columbia Conference of United Churches.

PENSION FUND

Dr. H. Tuttle of Toronto, spoke to the gathering at length on the pension fund in the United Church of Canada. He said the effort was one of the pioneer movements in the field of church pensions.

During the past four years, said Dr. Tuttle, a laymen's campaign has raised \$5,100,000 for the capital fund of the church,

all but \$200,000 of which was in cash or pledges. He paid high tribute to such men as the late John Goldie, Victoria, and D. N. Gibson, Montreal, for their efforts on behalf of the fund.

Rev. William Allan and Rev. G. G. Bompas gave a survey of the overseas missionary work.

Visitors attending the meetings, in addition to Dr. Tuttle, include Rev. Robert Morris, secretary for Christian education in B.C., and Dr. Hugh Dobson, secretary for western Canada for social service and evangelism.

The sessions, under the chairmanship of Rev. J. C. Thomson of Wilkinson Road United Church, are continuing today.

PREPARED MUSTARD

HOT DAN THE MUSTARD MAN

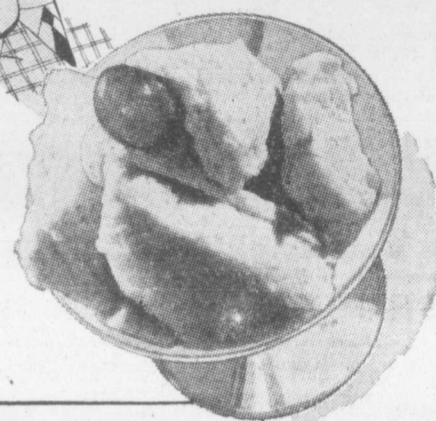

"SALADA" TEA

Outstanding Quality • Delicious Flavour

A flavour miracle... ECAD!

You too will find an amazing difference between Shirriff's Lushus and other jelly desserts. Lushus rivals the natural flavour of new-picked fruit—choice raspberries... juicy strawberries... sun-ripened oranges. That's because only the "Bud" way of flavouring can keep that fruity goodness sealed fresh and full strength. Try Lushus today.

LUSHUS FREEZE

To 1 package of Lushus, add ½ cup sugar and 2 cups boiling water. Stir until dissolved. Add 1 cup cold water. When cool, place in freezing tray of refrigerator until beginning to freeze. Whip on electric beater until very fluffy and light in colour. Return to tray and freeze. A delicious summer dessert either alone as sherbet or in combination with ice cream.

SHIRRIFF'S LUSHUS
"BUD" JELLY DESSERT

NOW! NOXZEMA'S

Anniversary Special

93¢ JAR ONLY 69¢

DON'T MISS THIS "BUY"—DISCOVER THE MANY DIFFERENT WAYS THIS MEDICATED CREAM CAN HELP YOU AND YOUR FAMILY!

Once again NOXZEMA brings you this big money-saving offer. Yes, for a limited time you can again get this sought-after "once-a-year" bargain at any drug or cosmetic counter. Buy the big 93¢ jar of NOXZEMA today for only 69¢.

GIVE YOUR SKIN NOXZEMA MEDICATED CARE

If you've been meaning to start using NOXZEMA to help your skin—do it now, while we're paying a big share of the cost. Or, if you've depended on this popular cream for just one trouble, now is the best chance of the whole year to discover how many other ways it can benefit you, your children, the whole household.

Use it—as an aid for poor complexion; beauty-marring blemishes; chapped lips and hands; chafed skin; superficial burns; tired, burning feet—and for so many types of annoying skin irritations.

WHY IT HELPS SO MANY WAYS!

Professional women in hospital work were among the first to discover that NOXZEMA is more than a cosmetic cream. It's MEDICATED, soothing, and an aid to healing! 25,000,000 jars now used yearly! Get NOXZEMA today while offer lasts!

POOR COMPLEXION—Helps heal unsightly blemishes, smooths and softens rough, dry skin.

CHAPPED HANDS, LIPS—Medicated NOXZEMA soothes—helps heal the tiny cracks in chapped skin.

SUPERFICIAL BURNS—NOXZEMA cools, soothes "kitchen" burns; helps promote quick healing.

BABIES' SKIN—Brings wonderful soothing relief to babies' tender skin; helps heal "diaper rash."

Many Good Buys in Real Estate**Asks Habeas Corpus Order**

When the habeas corpus application of Jacques de Bernoville (above) came before the Superior Court in Montreal Monday, the hearing was adjourned till Sept. 29. He seeks to avoid deportation to France on an order issued because he entered Canada nearly two years ago illegally under the name of Benoit. However, an Immigration Department brief filed at Monday's court session stated Bernoville is being denied permanent residence in Canada because he is suffering from tuberculosis. The brief was based on a board of inquiry which considered the man's case last Jan. 30, and ruled that because of his illness he was not an admissible immigrant.

**Swedish Coalition Hopes To End
16 Years Rule By Socialists**

STOCKHOLM (CP)—Sweden's 16 years of Socialist rule are at stake in a general election next Sunday.

Conservatives, Liberals and Agrarians have joined forces to wrest power from the Social Democratic Labor Party.

Campaigning has been intense, and recent public opinion polls

indicate the Social Democrats may fail to win a majority in the lower chamber of the Swedish parliament.

The opposition has played its heaviest guns on domestic issues, charging the Socialists with "economic misrule, causing the worst foreign currency crisis in Swedish history."

Under the leadership of the late premier, Per Albin Hansson, Social Democrats in the last few general elections have polled roughly three times more votes than any other Swedish party.

Today they have a new leader, 47-year-old Tage Erlander, who took over when Hansson died in 1946.

The 230 seats of the lower chamber are divided this way now: Social Democrats 115, Conservatives 39, the Agrarian Peasants' Union, a centre party, 35; the Liberal People's Party, another centre group, 26; Communists 15.

MAY POOL VOTES
The Conservatives headed by 59-year-old Fritiof Dommo, the Agrarians led by Axel Pehrsson-Bramstorp, a 65-year-old landowner; and the Liberals, under the leadership of Bertil Ohlin, 51, professor of economics, have formed an election bloc. The arrangement makes it possible for them to pool their votes when any one of their candidates fails to secure a separate majority.

Foreign policy plays no part in the campaign. All the major parties are backing the government's proclaimed policy of keeping Sweden neutral in big power politics and war.

**Supply Nears Demand
In Men's Clothing,
Commission Told**

OTTAWA (CP)—It won't be long before production of men's clothing exceeds demand, the Prices Commission was told Wednesday by a man in a position to know.

He was John Senecal, manager of the men's furnishings department of Montreal's Dupuis Freres Ltd. He was one of the witnesses as the commission continued its study of shirt costs.

Mr. Senecal reported no scarcity of shirts now and said people were "choosy" again about what they bought.

He told commission counsel H. A. Dyde that retail price tags were already attached to some lines of shirts his firm received from the Tooke Brothers and John Forsyth Ltd. who made them. In the case of Cluett-Peabody's there would be no tag but the traveler might "suggest" that the retail price should be such and such.

Reminded that Cluett officials had testified that they don't indicate prices, Mr. Senecal said the firm did not, but their traveler sometimes suggested figures.

Big manufacturers set retail prices, he said, to protect small retailers. That was what made it possible to buy, say, the same Tooke shirt at the same price all across the country.

**Protests Imports
By U.S. Of Potatoes
From This Country**

WASHINGTON (AP)—Rep. August H. Andresen, Minnesota Republican, said today the United States government is in effect supporting the price of Canadian potatoes.

"This comes," he told a reporter, "while American taxpayers will be forced to pay up to \$100,000,000 in 1948 for the tremendous surplus of potatoes grown in this country."

Andresen, chairman of a special food investigating committee, added:

"So far this year about 3,500,000 bushels of Canadian potatoes have been shipped into this country under a reduced duty, and an additional 3,500,000 bushels will be brought in during the next 60 days."

"Although President Truman has the authority to stop the import of potatoes from Canada, he has not taken such action."

"Unless Mr. Truman takes such action it will mean American taxpayers will be forced to provide more money to buy additional quantities of surplus American potatoes."

"It seems rather strange that the United States government is

undertaking to support Canadian potatoes and inviting their shipment here when we already have such an enormous surplus which will cost our government from \$85,000,000 to \$100,000,000 this year."

Andresen said Canadian potatoes now are being offered in New York at \$2.75 a hundred-weight, "which is less than the United States government is paying for No. 1 potatoes under the support program."

BATH—A new street overlooking the Bath City football ground will be named Freeview Road.

Watch These 4 Common Troubles Of Babyhood

Don't let your baby fret needlessly from teething fever, constipation, gas pains in stomach or bowels and weakening digestive upsets. Get a box of Baby's Own Tablets. They help to quickly clear out harmful wastes, ease baby's teething fever, soothe sore little stomachs and relieve simple fever. No "dopey" stuff-no dulling effect. Easily crushed to a powder if desired. Baby's Own Tablets have been used with confidence and success for over 50 years by mothers. Only 25¢ at drugists.

CARNIVAL

By Dick Turner

"The next time you're down this way would you please pass the cream?"

Canada's Top Financiers Foresee Break In Prices

VANCOUVER (CP)—Good dollar position improves is foreseen by Mr. Towers.

Efforts to balance the Dominion's United States dollar position are bearing fruit but "we are not yet in the clear," he said.

Reports show that imports from overseas countries have increased considerably and helped replace imports from the United States. Another favorable factor is that some goods, normally imported in volume from across the border, now are manufactured in the Dominion.

The directors of the Bank of Canada represent the two extremes of monetary thought in the Dominion. There are "hard money" men—sponsors of a solidly backed gold monetary standard—and those who believe in "managed currency," with gold in a subordinate position.

Favorable factors he listed as declining food prices in the United States and generally bountiful crops.

Mr. Towers, who advises the federal government on financial policies, finds the European Recovery Program a "prop" of "tremendous benefit" to Canada.

Other financiers and industrialists here find that supply is catching up with demand. The market trend is changing to the buyers' side.

"There may be some readjustment, but there need be no fear for the future," said I. K. Johnston of Toronto, general manager of the Imperial Bank of Canada.

Removal of some of Canada's austerity restrictions as the

49ers Wallop Brooklyn Dodgers

Hunchy Hoernschemeyer, left, of Brooklyn Dodgers pro football team, knocks down San Francisco 49ers John Strzykowski's arm as latter reaches for a long pass (see arrow for ball) from Frankie Albert, 49ers' star passer, deep in Brooklyn territory. Sparked by Albert's fancy aerial work, the 49ers won the game, played at Kezar Stadium in San Francisco, 36 to 20.

Chicago Sox Prove Rugged For Boston

Boston Red Sox's inability to beat the White Sox consistently at Chicago's Comiskey Park this year could cost the Red Sox the American League pennant.

Boston murdered Chicago in its own Fenway Park this season, taking 10 out of 11 games, but the White Sox gained sweet revenge once they got the Red Sox in Chicago.

Ted Lyons' tail-end White Sox handed the league-leading Red Sox their worst beating of the season yesterday, 17 to 10, in winning their seventh game in 11 starts against Boston at Comiskey Park.

The trouncing reduced Boston's margin over the runner-up New York Yankees to a game and a half. The Yanks, and the third-place Cleveland Indians who trail the Red Sox by three games, were idle.

A 10-run seventh-inning uprising by the White Sox turned what was a ball game into a rout.

While the White Sox upset the Red Sox, Chicago's other last-place entry in the majors, the Cubs, continued to act as "cousins" for the National League's pennant-bound Boston Braves.

The Braves, aided by four errors, clipped the Cubs, 5 to 2 in their final meeting of the season with Charley Grimm's crew. The triumph was the Braves' 16th over the Cubs in 22 outings this season.

Lefty Warren Spahn scattered nine Chicago hits in winning his 14th game of the year for the Braves.

The triumph enabled the Braves to stay five games ahead of the runner-up Pittsburgh Pirates. The Pirates whipped the Giants, 8 to 3 in New York. Ernie Bonham checked the Giants on seven hits, two of them homers by Whitey Lockman and Johnny Mize.

CARDS MOVE UP

The St. Louis Cardinals moved into a tie with the Brooklyn Dodgers for third place, a half game behind Pittsburgh, by beating Philadelphia 2 to 0, while the Dodgers split a twin bill with Cincinnati Reds.

After the Reds edged the Dodgers, 2 to 1 in the opener behind the six-hit pitching of Howie Fox, the Dodgers grabbed the nightcap, 2 to 1 as Lefty

Ward New Holder Of Vardon Trophy

LONDON (AP)—Charlie Ward, British Ryder Cup golfer, has been awarded the Harry Vardon trophy for the lowest average score this season. In 44 rounds in major professional tournaments he had an average of 71.29.

Scots May Raid Other Clubs For Soccer Material

VANCOUVER (CP)—The Pacific Coast Soccer League faces a major war in player transfers. The St. Andrews aggregate, with fullback Erling Storness and winger Jimmy Greig pulling out of their line-up, are on the war path for new talent.

Manager Johnny Nestman is doing the prospecting, and he's doing it on the rosters of other Coast League teams.

Already he has signed outside left Gordie Stewart, possibly with plans of converting him into an inside forward. Now he's after Gordon Gorrie, outstanding winger in the Vancouver and District League last year. Gorrie is reportedly on his way to New Westminster Royals.

If Nestman doesn't click on Gorrie's signature, indications are that he'll woo Vancouver City's Teddy Crooks.

With Lyle Scott pegged for the pivot spot, Nestman is still eyeing class A prospects for the job. Last night he approached Frank Ambler, already signed with North Shore.

Detroit Wings Win Exhibition Hockey

SASKATOON (CP)—Detroit Red Wings finished strongly in the third period here Wednesday night to defeat their farm hands from Indianapolis and Omaha 5 to 3 in the first of a four-game exhibition hockey series.

Benny Wolf, last winter a star with the Memorial Cup champion Port Arthur Bruins, notched what proved to be the winning goal on a pass from Max McNab. George Homeniuk with two, Callum McKay and Gordie Howe bagged the other Wing goals.

Sammy Lavitt, Rod Morrison and Normie Kirk were the Indianapolis-Omaha scorers.

K.V.'s CALL PRACTICE

The K.V.'s senior B basketball team, last year's league winners, will practice Monday night from 9 to 10 at the Fraser Street Hall.

CRICKET PRACTICE

Ex-R.A.F. cricket club will hold a practice at Macdonald Park tonight, commencing at 6.30.

First Game Of World Series Set For Oct. 6

CINCINNATI (AP)—Nobody knows where it will be, but the first game of the 1948 world series will be played Oct. 6 in the home city of the team which wins the National League pennant.

So will be the second contest. The next three will be contested on the home grounds of the American League champion. The games will be played on consecutive days, unless the St. Louis Cardinals win in the National loop. Then Oct. 8 will be an open date for travel.

Opening Of Cage Season Set For Oct. 6

Gordon Hartley Elected President; Possibility Of Five Senior Clubs

Opening games of the 1948 basketball season will take place at the Victoria High School gymnasium the night of Oct. 6 it was decided at the annual meeting of the Victoria and District Basketball Association last night.

Closing date for entries into the various divisions of the league has been set for Sept. 30.

Senior A clubs—and the prospects are that there may be five in operation this season—will not swing into action until a few weeks after the start of the season.

Opening senior game gate receipts will be turned over to the Injured Players' Fund.

HARTLEY PRESIDENT

Gordon Hartley, well-known city athlete and chief supervisor of the city summer playground program, was elected to succeed Brock Whitney as president of the association. Tom Carson, member of the Victoria and Dis-

trict Soccer Commission and secretary of the Victoria Baseball Association was elected secretary replacing Hank Casilio, who resigned.

Ernie Fields, member of last year's executive, was named vice-president with Bob Whyte again in charge of registrations and Charlie Lewis and Ray Davidson on the league executive. Cece Walton, treasurer of the cage body for the past three years, tendered his resignation at the meeting, but agreed to stay on as pro-tem treasurer until a successor could be named. Walton also agreed to assist the new treasurer for a certain period of time until he could turn the books of the association over to his successor.

A vote of appreciation to the retiring members of the executive was moved by Wally Yeamans. President Whitney replied stressing the importance of

basketball as a sport to the youth of the city and the relative unimportance but necessity of a hard-working executive to work in the best interests of the game.

INJURED PLAYERS

Many suggestions for improving the calibre of ball and the betterment of the league in general were offered, one of the most controversial points being the question of whether injured players should be allowed to play after being hurt without a doctor's certificate.

This point was brought up by Bob Macmurchie, representing the referees' association, and was in the form of a suggestion. Macmurchie stressed the need for some form of control over injured players who may return too soon to the game after being injured and thus be likely to cause further injury to themselves. It isn't fair to the player,

his teammates, the opposition or the fans, Macmurchie said.

A motion by Angus Stewart giving the league the right to refuse a player permission to appear on the floor when suffering from a visible injury and not having medical permission to play was passed after some heated arguments. However, the question is still open to clarification.

TRAVELING EXPENSES

Question of traveling expenses to teams participating in play-offs was also brought before the meeting by Yeamans, representing team managers of some of last year's clubs. The schedule was set forth by secretary Casilio.

Treasurer Walton then pointed out to the meeting that the figure could not be raised under the circumstances without jeopardizing the financial balance of

the association, which showed a healthy amount. The matter was then left in the hands of the executive and will be acted upon when playoffs roll round again next year.

Prospective senior A clubs are Y.M.C.A., K.V.'s, Pro Pats, Eagles and Alcos. Some of the clubs are rumored to have many player changes in mind before the season opener. Port Alberni applied for entry into the league, but the matter was left in abeyance.

A suggestion to ease the work of the league secretary was offered by Casilio in his report to the meeting. Casilio proposed that the duties of the secretary be split among other members of the executive.

It was proposed by Jim McKeachie that the executive look into the matter of reviving the U.B.C.-Victoria series as part of U.B.C. invasion day.

Spokane Indians Take W.I.L. Championship

The Spokane Indians nailed the Western International League pennant to their masthead last night with a 4 to 0 victory in the first game of a season-ending twin bill against the Tacoma Tigers.

The win clinched the crown for the Spokes, as they would have had to drop both ends of the doubleheader to keep second-place Bremerton in the running.

It was the Indians' 45th win in 56 games in a furious finish generalised by Dolph Camilli, former major league star who became manager Aug. 3 with the club in fourth place. Camilli took over for John (Buddy) Ryan, who quit on doctor's orders.

Last year, Vancouver beat the Spokes by .001 points in the drive for the pennant. It is the Indians' first flag since 1941.

Nobody cared, except the scorekeepers, in the second game, and

	W.	L.	Pct.
Spokane	102	64	.614
Bremerton	95	62	.605
VICTORIA	93	68	.578
Tacoma	84	73	.535
Vancouver	67	80	.456
Salem	73	88	.453
Wenatchee	69	91	.431
Yakima	52	109	.323

Spokane pitchers were playing every position on the field as Tacoma romped to a 10 to 9 victory.

The second-place Bremerton Bluejackets fought to a 1 to 0 victory in the seven-inning opener against Wenatchee, but sharp errors caught the blow from Spokes. The Jacks knew their sailors' jig was up. They dropped the second game by the same count. Leroy Stevens twirled a three-hitter for the Chiefs and counted the only run in the eighth. John Conant set a league record by hurling his eighth shutout—a fifty-two-hitter—in the opener. It was his 23rd win of the year.

Vern Kindsgrater hit a single, a double and a triple and pitched five-hit ball as Vancouver buried Yakima, 16 to 4, with a 19-hit attack.

Medalist Beaten In U.S. Women's Golf

PEBBLE BEACH, Calif. (AP)—Dorothy Kirby of Atlanta, Ga., shot spectacular golf Wednesday to defeat the medalist, Mrs. Bettye Mims White of Dallas, 3 and 2, in the third round of the United States championship.

Miss Kirby, runner-up for the title last year, toured the tough

Pebble Beach for a first nine 35, three under women's par and one under men's. The victory put her into today's quarterfinals.

Grace Lenzyk, the Canadian titleholder from Newton, Connecticut, edged out Mary Sargent, Del Monte, Calif., 2 and 1 to enter the quarterfinals.

BAYS PRACTICE

J.B.A.A. rugby teams of all divisions will stage a workout at the High School grounds tonight at 7.

Upsets Continue To Mark U.S. Tennis Tournament

FOREST HILLS, N.Y. (AP)—It's California against the world today as semifinal dozens players battle for half a dozen in the men's singles division of the United States national tennis championship.

Five days of play has chopped an original field of 91 to nine survivors—seven from California and two from foreign countries.

The last of the seeded easterners—Davis Cup star Gardner Mulloy of Miami, Fla., and Vic Seikas of Philadelphia—were ushered to the sidelines yesterday in a continuing progression of upsets.

Two quarterfinal matches on today's schedule send Harry Likas of San Francisco against Herbie Flam of Beverly Hills, Calif., and Earl Cochell of San Francisco against Eric Sturgess of South Africa.

Top-seeded Frankie Parker of Los Angeles and Richard

(Pancho) Gonzales, 20-year-old Los Angeles youngster, reached the quarterfinals against each other but will not play until tomorrow.

FIVE-SET STRUGGLE

Fiam, 19-year-old former United States junior champion, yesterday blasted Mulloy out of the tournament, 6-4, 7-5, 3-6, 4-6, 6-3.

Likas, 24-year-old United States intercollegiate titleholder, took out the last of five seeded Australians—Davis Cup captain Adrian Quist—6-2, 6-3, 4-6, 6-4.

In addition to Surges, who won his way to the quarterfinals earlier, the only foreigner left was Jaroslav Drobny, left-handed Czech Davis Cup ace.

Drobny outlasted Seikas 6-4, 9-7, 6-4. He will not know his quarterfinal opponent, however, until Bob Falkenberg of Hollywood and Nick Carter of San Francisco settle their fourth-round match today.

Sports Mirror

By PETE SALLAWAY

CANADIAN FOOTBALL makes its formal bow to Victoria sports followers Saturday night when Coach Lou Mogul's Cougars engage Port Angeles under the lights at Athletic Park. It will be a warm-up for the local squad for its opening engagement in the intercity league later in the month. With no counter attraction the gridlers look to draw a good crowd as evidenced by a healthy advance sale.

FOR COACH MOGUL and his boys Saturday night's game marks the culmination of nearly two months of hard work. Since early in August the footballers have engaged in nightly practice sessions with the Victoria players displaying real enthusiasm in their efforts to reach tip top condition and get their plays down pat. The Cougars are determined to put the game over in this city and their efforts are to be admired.

IF GOOD promotional work means the success of Canadian football here Mogul is doing a great job. Since he took over the club the ex-Winnipeg Blue Bomber is handling numerous positions. In addition to managing and coaching the Cougars, Mogul looks after ticket sales, equipment, and has made numerous trips to Vancouver to represent the club at league meetings.

On top of all that he intends to play with the club. That's a pretty heavy schedule for one man who is rapidly becoming known as "Mr. Football" in Victoria.

MOGUL, A BIG good-natured fellow, who tips the scales at something like 240 pounds, just eats, sleeps and talks Canadian football. "You know, Pete, I really believe in the future of Canadian football in Victoria and that is the reason I am willing to put in all this hard work and time in an effort to bring about a revival in this area," Mogul said. "I honestly feel that my efforts will pay off in the years to come. Of course it's a big disadvantage with the sport not on the athletic calendar of the high schools but even that handicap may be overcome some day and then football will really experience a boom." In a further effort to increase the popularity of the sport Mogul is now working on plans for a well-organized minor league among the city's younger folk.

Gorge Vale Women's Golf Draw Released

Draw for the first round of the women's handicap golf championships at Gorge Vale Golf Club, which must be completed by Sunday, was released today.

In the qualifying round Mrs. S. Patterson took medal honors with 77.

Draw follows:

Mrs. B. Patterson vs. Miss D. Smith; Mrs. A. O. Cooke vs. Miss N. Corke; Mrs. C. Koon vs. Mrs. R. Norwood; Mrs. C. Carroll vs. Miss D. Hamill; Mrs. D. Robertson vs. Mrs. F. McPherson; Miss S. Fry vs. Mrs. M. Hulse; Miss J. Jarvis vs. Mrs. A. Swan; Mrs. G. Pease vs. Mrs. E. Watson; Mrs. R. Panthorpe.

SECOND FLIGHT

Mrs. J. C. K. vs. Miss J. McDowell; Miss N. O'Connell vs. Mrs. R. Panthorpe.

LEGION SOCCER

Canadian Legion soccer club will hold a meeting at the Britannia Branch Hall, Cormorant Street, Friday evening, at 7.30. All last year's players and others interested are asked to attend.

13 Nominations For The Times Handicap

The Times Handicap for \$1,000 added which goes at the Willows race track Saturday in the feature of the 14-day, meeting to date has drawn nominations from 13 crack thoroughbreds, headed by last year's winner, His Brother.

Others entered in the one mile and a sixteenth affair are Broadoak, Lady Playfair, Desert Band, Brunshot, Nalod, Timber Maid, Loose Talk, Tea Soup, Gallamar, Sir Tinker, Admiral Fleet and Count Gallery.

Hamilton Cats Beat Montreal By Single Point

HAMILTON, Ont. (CP)—Hamilton Wildcats survived a last-quarter rally Wednesday night to defeat Montreal Alouettes 13 to 12 in a Big Four football game. The result leaves the teams tied for third place, each with one victory in four starts.

The Wildcats won the game in the second quarter when they rolled for 12 points, six of them by their young kicking star Gordon Miller. He booted a single point and plunged five yards for a touchdown. Benny Dyack scored another touchdown, also on a plunge, and veteran Bill Murrelyk converted.

Each team tallied a single in the third quarter. Herb Travick got the Montreal score. The husky lineman dribbled the ball over the goal line after the Alouettes blocked Ralph Larue's kick. But Larue won the race for the ball and fell on it for a single. Jim Paar, who did some long hoofing for Hamilton, kicked the Wildcats' single.

WAGNER GOES OVER

Bruce Coulter, a Toronto product who played with Balm Beach last season, sparked a last-quarter Montreal drive. His forward-passing set the stage for a touchdown on a plunge by Virgil Wagner. Wagner threw a forward pass to Bill Douglas for the convert.

Coulter's passing took the ball downfield again and this time he flipped a touchdown pass to Wagner who went over standing up.

Burly Ches McCance, usually an accurate placement kicker, twice missed chances to tie the score. He missed a placement on the first attempt to convert Wagner's second touchdown. The play was taken over because the Wildcats were offside. However, he missed again.

Member Of Champion Sculling Team Here

Gordon Giovannelli, member of the University of Washington, four-oared sculling team, champions at the recent Olympic Games at London, is a visitor to the city.

The young athlete is spending his honeymoon in Victoria. The Washington squad was the first to win the sculling event which had been dominated by European oarsmen in former Olympiads.

Exhibition Soccer Game Billed Tonight

Victoria United of the Pacific Coast League will meet a team from the Mv. Egedia, out of Glasgow, tonight in an exhibition soccer game at Macdonald Park.

Game will start at 6.15 and will serve as an opportunity for manager Roy Barnes to work in some of his new players. The match should also prove a conditioner for the local eleven.

Province's Business Volume Gains In 6-Month Period

The volume of British Columbia business for the first six months of this year was generally greater than for the corresponding period of last year, and would have been greater still but for the disastrous May-June floods.

This was reported today by the provincial government's Bureau of Economics and Statistics. It said that in a number of instances statistics showed decreases for June.

"Most, if not all, of these decreases can be attributed directly or indirectly, to the disastrous floods which occurred in various parts of the province, particularly in the Fraser Valley," said the bureau in its monthly review of business activity.

"It has been estimated that the damage directly attributed to the floods amounted to \$1,000,000 in the Kootenays, and \$30,000,000 in the Fraser Valley. In addition the floods resulted in considerable, though temporary employment, and seriously affected the tourist industry.

FEWER TOURISTS

"For example," the report continued, "the number of foreign cars entering the province during the month of June on 60-day permits declined by 25.7 per cent compared with June of last year."

The bureau described as one of the most striking aspects of the year's business activity the remarkable increase in the volume of construction contracts awarded.

"During May the value of contracts awarded reached the large sum of \$11,450,000, surpassing any single month in the last two

and a half years," said the report, adding that in the first five months of this year contracts awarded totaled \$29,510,000, an increase of 58.1 per cent over 1947 and 52.6 per cent over 1946 (January to May).

"Provided there are no serious international disturbances such as a high level of investment should of itself ensure a high level of activity within the province for some considerable time to come," said the bureau.

Gold production for May tumbled from the levels established in earlier months but output for the first five months of the year totaled 132,079 fine ounces—55.5 per cent greater than for the corresponding period of 1947.

COAL OUTPUT RECORD

The bureau reported coal production in June at a record figure for recent years. Despite a considerable loss in June timber production the timber scaled during the first six months of this year is 1.2 per cent greater than the corresponding six months of 1947.

"Estimated dollar sales of stores for June, 1948, were higher for all types of stores, than for June, 1947, but the gains were far from uniform, ranging from a high of 57.7 points for women's clothing stores down to a low of 0.3 points for jewelry stores," the bureau reported.

The bureau warned, however, that two factors tended to temper the province's prosperity as shown by production and sales statistics: Rising costs, and the growth in the province's population. The population has increased roughly by 4 per cent per annum, said the bureau.

"Even without any change in the level of business activity one might reasonably expect an annual increase of 4 per cent in the various statistical series," it reported.

Victoria Courteous

Courtesy of Victorians to tourists pays dividends. Mayor Percy George commented today after reading a letter from Arthur M. Colomb of San Francisco, which stated:

"We feel it our duty to write you and express our gratitude to the people of Victoria for the grand, courteous we received everywhere we went while visiting your beautiful city. We hope to have that pleasure again."

Woman Beats Off Man With Fists And Kicks

Using her fists and feet to administer blows, Mrs. Marie Gaunt, 308 Douglas Street, succeeded in scaring off a man who grabbed her while she was walking through Beacon Hill Park Wednesday evening, she reported to city police. Mrs. Gaunt was able to furnish police with a fair description, but a search of the surrounding area failed to uncover the man.

Sentence Reduced Against Trio Who Stole Automobiles

Three 16-year-old youths who told the Appeal Court today they did not want "to see the inside of Oakalla prison," had their sentences reduced from 18 months to one year.

The court reduced their sentences in view of their age and expressed the hope that they might be transferred from Oakalla prison to the Borstal correction school.

The trio were found guilty in Revelstoke and in Vancouver of stealing automobiles. According to the evidence they stole a car in Vancouver and started to drive towards Alberta. They damaged the first car and then stole another. They were finally arrested at Revelstoke.

Questioned by Mr. Justice O'Halloran, the trio admitted they had been working. One youth said he was earning \$38 a week before his arrest.

All of them said they did not want to go to Oakalla prison because they were "afraid they might learn things there."

One of the boys said sending him to prison might turn him "against the outer world."

"I don't think Oakalla prison was made for me," said another. "I would like to be given a chance."

In handing down the court's decision, Mr. Justice O'Halloran reminded the trio the sentence was being reduced in the hope "they would mend their ways."

David Sloan appeared for the Crown. He made no objection to a reduction of sentence.

2 Island Companies Among 20 Firms Registered In Week

Twenty companies, including two from Vancouver Island, were registered during the week ended today at the Parliament Buildings under the Companies Act.

They were: Vancouver Island — Victoria Football Company Limited, \$10,000, Victoria, and A. & B. Construction Co. Limited, \$15,000, Nanaimo.

Vancouver — Ogden Lumber Co. Ltd., \$25,000; Haney Hotel Co. Ltd., \$100,000 and 1,000 no par value shares; Van Anda Logging Company Limited, \$15,000; The Joseph Chew Shingle Co. Ltd., \$60,000; Westbridge Timber Products Ltd., \$50,000; The MacFarlane Seed Company Limited, \$10,000; Quinton's Cleaners & Dyers Limited, \$10,000; Vancouver Transfer Company Limited, \$10,000 no par value shares; The Darlington Apartments Limited, \$175,000; Jack's Auto Towing Service Ltd., \$10,000; Langley Recreations Ltd., \$60,000; Keene & Brown Ltd., \$10,000; Bay Sportswear Ltd., \$10,000; Alpha Products Limited, \$10,000; and Beaver Mac Towing Co. Ltd., \$20,000.

Elsewhere in B.C.—The Penficton Cafe Ltd., \$50,000, Penficton; Wishin' Well Ltd., \$50,000, New Westminster, and Sinnerud Truck & Tractor Ltd., \$25,000, Nelson.

Outside B.C.—Hilcrest Mohawk Collieries Ltd., Bellevue, Alta., and Corbin.

Societies—Central B. C. Christian Association, Crescent Spur. Co-operatives — Cripple and Sick Children's and Easter Seal Society of British Columbia, Vancouver.

A \$50 fine was imposed on Alan Peterson, naval rating, when he appeared for sentence in city police court today before Magistrate H. C. Hall on a charge of indecent assault. He pleaded guilty.

Nerve Centre For Pat Bay Air Show

Nerve centre of the hive of activity at Patricia Bay Airport Saturday will be the control tower, shown above, where more than 50 planes will receive instruction and obtain clearance for landings and take-offs during the Victoria Flying Club's second annual air show. Highlights of the gigantic show, which is being

staged in conjunction with the Kinsmen Club, include a fly-past over the city when hundreds of balloons will be released, displays both in the air and on the ground by R.C.A.F. Harvards and jet-powered Vampires. During the afternoon a huge four-engined T.C.A. North Star will be open for public inspection.

The aerial program will be officially opened at 2 by Donald McKay, former R.C.A.F. navigator, who spent 28 months as a prisoner of war and who is currently a patient in the Veterans' Hospital here. The show is reported to be the biggest ever held here and is expected to rank high among similar displays all across the Dominion.

Hans Gruber, New Conductor Of Symphony, Welcomed To Victoria

For the next few days, musical Victoria will be busy welcoming a newcomer who is to assume an important role in the city's cultural life. From Toronto, the Victoria Symphony Society has brought Hans Gruber to conduct its eighth season of concerts.

Mr. Gruber arrived by plane at noon today and was met at the airport by Jack Barraclough, Audrey S.D. Johnson, S. J. D. Clark and Warren Martin of the society's executive. Following lunch at the Empress Hotel, Mr. Gruber met other members of the directorate and tonight, Miss Sara Spencer will hold an "At Home" to introduce the orchestra personnel and directors to their new conductor.

Hans Gruber, B.A., was born in Vienna and came to Canada in 1939, after several years of music study in various European centres. Since arriving in this country, he has distinguished himself

scholastically, served with the Canadian Army Intelligence Corps, been associate conductor and conductor of the University of Toronto Symphony Orchestra for four years, trained and conducted a mixed chorus of 180 voices, composed of university students; made a further study of conducting with Fritz Mahler at the Juilliard School and under Koussevitzky at the Berkshire Music Centre. He comes to Victoria, directly from a summer of private study with the San Francisco Symphony's famous conductor, Pierre Monteux.

Mr. Gruber will be staying with Mrs. A. C. Burdick, Rockland Avenue, for the next few days. He will take up his duties immediately and hopes that any instrumentalists, not all ready members, will audition for places in the orchestra. Applications should be made by letter care of the secretary, 1318 Broad Street.

Plan To Display Ack-Ack Artillery At Air Show Here

Victoria residents will be able to see the latest type of anti-aircraft equipment along with the newest type of aircraft at the Victoria Flying Club's air show at Patricia Bay airport Saturday.

Arrangements have been made to have heavy guns and fire control instruments from the Fifth (Reserve) Regt., R.C.A., on display. The guns are capable of engaging both air and ground targets with a high degree of accuracy.

Data to fire the guns is fed to them electrically from fire control instruments, so that targets can be shot down even if not visible at the gun sight.

The public will be permitted to examine the guns at close range and to try the instruments and controls for themselves, officials report.

The detachment will be commanded by Capt. P. Bogelund. The display will be in aid of the current campaign for recruits for the reserve and active army.

one-pound boxes of jelly candy. Wholesale value is \$52, Det. Munro said. Hasp was pried off the rear door to gain entry.

Det. Callan said entry of Central Cleaners' premises at 790 Fort Street was gained through an unlocked rear window. The only register netted the thieves \$20 in bills.

66 Pounds Of Candy Taken By Thieves

Thieves with a sweet tooth made a rich haul from a candy shop and others strictly after money got away with \$20 in cash, in two robberies in the city during the night. Detectives Angus Munro and Louis Callan are investigating.

From Rochon's (B.C.) Ltd. factory at 685 Alpha Street, thieves made off with 37 one-pound boxes of chocolates and 29

Naval Association Urges King To Increase Armed Services

In a telegram to Prime Minister King, the Victoria Naval Officers' Association has charged that the Canadian government should be held responsible for furthering the chances of another war if immediate action is not taken to increase the Dominion forces to a much greater extent than is at present proposed.

The telegram, signed by Capt. J. D. Prentice, D.S.O., D.S.C., R.C.N. (Retired), president of the association, seeks to replace the responsibility on the government on the basis that:

1. "The principal cause of the last two world wars has been the lamentable weakness of the defence forces of the democracies."

defence is the finest insurance against war."

'PRESENT FORCES WEAK'

3. "The defence forces of Canada are at present regrettably weak in proportion to our wealth and population."

The message concludes: "It is the opinion of this association that the present government should be held responsible to the people of Canada for furthering the chances of another war if they fail to take immediate action to increase the defence forces of the country to a very much greater extent than they at present propose in this period of international tension."

Copies of the telegram are being sent to all other naval officers' associations, service organizations and service clubs in Canada.

Housewives Warned Price Of Fish To Rise Still Higher

The Federal Fisheries Department today warned Canadian housewives that they may expect further increases in fish prices, particularly fresh and frozen products.

In its monthly Trade News, the department noted that increases in meat prices and the favorable outlook for exports of fresh and frozen fish to the U.S. market "suggest that the prices of fishery products to the domestic consumer will increase more than seasonably toward the end of the year."

The department added, however, that canned fish, with expected supplies greater than in 1947 and export markets reduced, is not likely to experience as much price increases as the fresh and frozen products.

"The squeeze on the consumer budget is resulting in more selective buying on a price basis, said the department, adding that on the average the prices of fishery products have risen considerably less during the past year than those of most food products, particularly meats.

SALMON LEADS RISE

Salmon prices have risen the

most, and now are 50 per cent above last year, the department said. The percentage increase over the same period in 1947 is in most instances greater for wholesale prices than retail prices.

"The consumption of fishery products during 1948 is expected to be greater than a year ago," said the News Letter. "Ground-fish fillets will likely show the largest increase in domestic sales. Fresh and frozen salmon sales are not likely to be higher, due to the large price rise occasioned by a relaxation of restrictions on exports to the U.S. market."

"Of the canned products, salmon and sardines account for the major portion of domestic consumption and both of these are in good supply. Indications are that disappearance of sardines on the domestic market this year is greater than in the same period of 1947. Domestic usage of other canned fish such as chicken haddie and herring is not expected to differ much from that of last year."

Tuna Hauls Heaviest Since Fishing Started In B.C. 9 Years Ago

British Columbia tuna fishermen this year are enjoying the best season on record, landings to the end of August being double those of any year since commercial tuna fishing began on this coast in 1939.

According to the federal fisheries department monthly Trade News, at the end of August, B.C. tuna fishermen had landed more than 1,000,000 pounds of tuna. The prices paid to fishermen have been as high as \$630 a ton with \$600 a ton average, the department said.

The season has been featured by the first large tuna catch off the Queen Charlotte Islands, which was landed at Prince Rupert.

Meanwhile the department's investigations of the tuna fishery are continuing this month. To

date the investigations have proved that tuna schools were most likely to be found in waters which had temperature around 59 and 60 degrees. Presence of feed in the water and birds were also factors contributing to good tuna fishing grounds, reports the department.

The department is also attempting to determine the best gear to catch tuna. To learn some of the habits of the tuna some have been trapped and tagged by the fisheries' protection vessel Laurier, doing the investigations with a similar vessel the Kitimat.

is for Diggon's, where 80 people who know their business and 8 floors of merchandise make it Victoria's most interesting store.

Trophies Presented To Winning Teams In Sooke Hall

SOOKE—A large crowd, comprising sport enthusiasts and friends from southern Vancouver Island, were present in Sooke Community Hall here for the presentation of cups and trophies won by Colwood and District Softball League.

Little Donna Michelsen danced a tap dance and Linda Shepherd performed a ballet number. Little Rose-Marie Lavertue, Caroline Comeau, Jeannie Duncan, Sandra Jones and Patsy Kendrew performed an Hawaiian dance.

Eight girls, Maxine Nell, Elaine Dunlop, Lorraine Shields, Marcia Pontious, Gail Lajeunesse, Ada Elrose, Sylvia Osborne and Yvonne Sullivan, danced in a tap group. Mrs. B. Arnet was the accompanist.

Miss Rae Evenden of Victoria soloed in a tap dance and was accompanied by her sister, Merle. Ernie Crookford, magician from Victoria, also entertained the audience.

The Robb trophy was presented by Ernie Stock to Raymond Pimlott for Sooke juveniles. James Poirier, vice-president, presented the Poirier-Spencer Cup to Rodney Sullivan for Sooke midgets.

Mrs. L. M. Young of Jordan

Ma And Grandma Same Day

Mrs. Josephine Baske, 37, became a mother and a grandmother in the same day. Her baby, Collen, was born 12 hours before her daughter, 17-year-old Mrs. Geraldine Smith, left, gave birth to a son, Paul James Smith. Little Collen is Paul's aunt. They are shown in a Chicago hospital.

River received the W. Spencer trophy for the ladies' softball. Allan Quinn, president, presented the C.P.S. trophy to Carmen Hewitt for Colwood girls' team.

The Allen trophy won by Luxton, Colwood and View Royal "District Merchants" was presented by the secretary, Charles Crawford.

The B.C. Electric cup was presented by Jack Elliott, company manager at Jordan River, to Robert Lajeunesse for Sooke juniors.

The Ernie Stock trophy for basketball was presented to Raymond Pimlott, Sooke, by Allan Quinn.

Record Displays For Ladysmith Fair

LADYSMITH—A much larger number of exhibits than in previous years is expected to be on display at the annual fall fair of the Ladysmith Agricultural Society opening Sept. 22 and 23.

This year there will be a special division for the showing of rabbits. Among outstanding flower displays will be an exhibit of prize dahlias by F. Rumble, from a selection of 52 varieties.

Committees appointed for the various sections were: Fruits, G. Gold, R. Simpson, D. Wilson, A. McDonald and C. Rickard; vegetables and field produce, D. Wilson, G. Gold and R. Simpson; flowers, W. Wilson and J. F. Rumble; women's work, Mrs. R. S. Wood, Mrs. D. S. Gourlay, Mrs. A. Beaton and Mrs. T. W. Martindale.

Judges will be: Fruit and vegetables, E. W. White, Victoria; flowers, T. J. Gould, Nanaimo; women's work, Mrs. Frank Reed, Saltair; and poultry, Rev. C. McDiarmid, Ladysmith.

Colwood Complains Of Cars Speeding In School Zone

COLWOOD—Members of the Colwood Community Club at a meeting here complained of cars and trucks speeding through the school zone. A letter to this effect was sent to the Provincial Police Force.

A motion was also passed requesting the Public Works Department to build a sidewalk. Members felt that a sidewalk would keep children off the road.

A committee was formed to take charge of amusements at the annual community country fair to be opened here Sept. 17. Colin Smith, vice-president, announced that printed programs for the fair would be distributed through the district in a few days.

S. Vallis presided at the meeting.

Role Of Vitamin B-12 In Nutrition Told

PORTLAND (AP)—The newest vitamin discovery—B-12—plays a spectacular part in the nutrition of man and animals, the American Chemical Society was told here Wednesday.

This substance, identified only a few months ago, causes certain kinds of bacteria to grow at a fantastic rate, Dr. Lemuel D. Wright, director of nutritional research for Sharp & Dohme, Glenolden, Pa., reported.

It acts with similar effect on mice and is "spectacularly effective" in the treatment of pernicious anemia, Dr. Wright said. Vitamin B-12, also known as the animal protein factor, apparently is synthesized in the intestines of some animals and probably also in man, but certain laboratory animals die if deprived of it, Dr. Wright reported.

At present it is being extracted from the livers of slaughtered animals. It takes

Janitress Retires

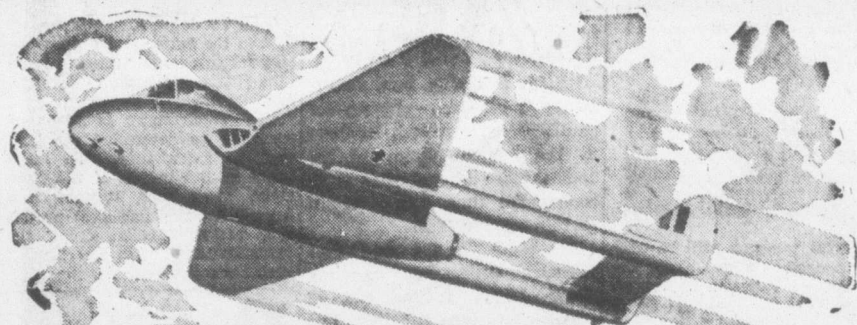

LANGFORD—Mrs. E. C. Matson, janitress at Langford Public School for the past 28 years, has

retired, it was announced today. She is well known in the district for service rendered to children at the school here.

The RCAF

will train you to become
an expert technician

In the post-war R.C.A.F. there are many trades which provide ample scope for the ambitious young Canadian to prepare himself for a progressive future in the technical, radio, or clerical fields.

This is the day when the men with special skill and training have the advantage over the other fellow.

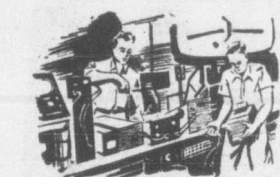

The R.C.A.F. offers you just the training and opportunity you are looking for.

EARN WHILE YOU LEARN

Rates of pay in the R.C.A.F. have recently been increased and you can add to your monthly income by improving your trade proficiency and by promotion to higher rank.

- Technical trades training.
- Full opportunity for advancement.
- Progressive pay increases.
- Provision for religious welfare.
- Medical and dental care.
- Sports and recreational facilities.
- 30 days vacation a year with full pay.
- Clothing provided.
- Retirement income assured.

and remember . . . the R.C.A.F. offers you
continuous employment and pay.

YOU GET ALL THESE
IN THE RCAF

Bird Storm Hits New York

Thomas Barnshaw of the A.S.P.C.A. and Policeman William Mason (right) pick up birds that fell from the sky over midtown New York, littering streets in the area of the Empire State Building. It is believed the birds crashed into the tall buildings in that area while flying lower than usual on their migration south during a fog. Crate at right contains birds which survived the plunge.

Astronomer Says Hale Telescope To Aid Study Of Atomic Energy

The new 200-inch Hale Telescope on Mount Palomar, Calif., will likely aid scientists in the study of atomic energy by helping to reveal how the stars generate energy, Dr. R. M. Petrie, assistant astrophysical director of the Dominion Observatory on Little Saanich Mountain, told members of the Real Estate Board of Victoria Wednesday.

"We are not sure just where distant stars get their energy from, but we believe it is closely tied in with atomic energy," said Dr. Petrie.

He said this problem was one of two which would receive major attention by astronomers at the Mt. Palomar observatory. The other would involve the photographing of galaxies a billion light years away for the first time to help solve the question of whether or not the universe is expanding or whether the apparent moving away of some of the galaxies from our own is due to the curvature of space brought out by Einstein in his theory of relativity.

OTHER USES

Other uses to which the giant telescope's mirror, which took 21 opticians four years to complete, will be put to give a better picture of our own universe and to study planets in our own solar system, Dr. Petrie said.

The Hale telescope, named after George Ellery Hale, American scientist who conceived it in 1928, embraces techniques and methods entirely new, he said. The mirror has a rib-colored back which reduces its weight from 60 tons to 14½ tons. The glass is of a special type of hard pyrex.

To give an idea of the immensity of the telescope, the speaker said that it was like having an ordinary telescope 267 feet long with the 200-inch glass at one end and yourself at the other.

NEW AGE IN TELESCOPES

"This is not just another telescope," he said, "but a new age in telescopes. It does not truly belong to the California Institute of Technology, but rather to mankind. Any problem which cannot be handled by smaller telescopes like the 100-inch one on Mt. Wilson, Calif., or on our 73-inch one here, or any other one, will be taken up at Mt. Palomar."

The telescope will be able to reach out into space eight times farther than any other has so far, and is seven times more powerful than the Little Saanich Mountain telescope.

Although the Hale telescope has been in use since early this year, no reports have yet been released on its performance. Dr. Petrie believes testing and readjusting has been carried out most of the time up till now.

Cost of the project was in the neighborhood of \$10,000,000, most

MR. PILE SUFFERER

What a vast difference there is in the modern way to treat Piles. The necessity of removing the real cause is only plain common sense. The new PLYTONE treatment (a liquid taken by mouth) goes direct to the inside cause. Special gums, plant extracts that help nature rebuild those delicate tissues. PLYTONE Pile Treatment is science's answer. It gets you satisfactory results with a one bottle trial or price refunded at once at all modern druggists.

Judge Orders Arrest Of U.S. Woman

VANCOUVER (CP)—Mr. Justice A. M. Manson Wednesday ordered the arrest of Mrs. Beryl Falkenhainer, former Ziegfeld

Follies and Earl Carroll star, on a contempt of court count.

The move wrote a trans-continental chapter in a famous child custody case.

Her husband, Chester Otto Falkenhainer, a New York insurance executive, took habeas corpus proceedings to secure

their seven-year-old son, Chester Jr. The boy was with her when Mrs. Falkenhainer visited Vancouver recently. The charge was laid when she failed to appear.

The ex-Follies star, however, had returned to the United States, and it is doubted if the court order will have any effect,

since it is valid only in Canada. The Falkenhainers were first married in 1933, divorced in 1947, and remarried Jan. 3, 1948, in Florida.

Falkenhainer said his wife left him again last May, taking the boy with her. He has instituted divorce proceedings.

Peter The Python Makes His Debut

Hal Roach's "One Million B.C.," the prehistoric spectacle slated for its premiere at the Rio Theatre today, marked the screen debut of Peter the Python, who is 22 feet and 175 pounds of Regal Python. Peter proved a docile, rather phlegmatic actor. Capable of crushing and eating a man or a pig, he submitted to assorted indignities and manhandling during his scenes. Once, in a burst of rare enthusiasm, he kissed Carole Landis

on the cheek with a forked tongue.

YORK THEATRE

Several scenes of an emergency appendectomy in Paramount's "Welcome Stranger," now at the York Theatre, had to be filmed twice to conform with strict British censorship rules prohibiting sight of surgical instruments, and use of certain medical expressions in the dialogue.

The operation in "Welcome Stranger" is performed on Barry Fitzgerald by Bing Crosby, both portraying doctors in their first reunion since "Going My Way." Joan Caulfield is also starred.

Role For Movie Actor Soon As He Grows Moustache

By JACK QUIGG
(For BOB THOMAS)

HOLLYWOOD (AP)—With his Republic films all on the indefinite list, John Wayne plans to transfer his talents. The rugged actor says he'll sign for the lead in "She Wore a Yellow Ribbon" and go to work "as soon as I can grow a moustache."

John Agar and Ben Johnson are already cast in the outdoor story to be filmed in Monument Valley, Utah. Wayne will be working for his old friend and director John Ford.

Wayne was set for several films at Republic, including his pet project "Alamo." But since the studio's recent production cut he's not sure when they'll be made.

STAGE BETTER

The stage is a far better medium than the screen for presenting Shakespeare, says Sir Ralph Richardson. The value of movies, says the noted Shakespearean actor, is in bringing the classics to people who otherwise would never see them. "One can never be the worse for any association with a noble mind," quoth he.

Those reports that Rita Hayworth was on suspension for tarrying too long in Europe are unfounded. Rita's contract guarantees her year-around pay. Danny Kaye will fly to London, stay a day, then fly back. Occasion for the hurried journey is the King and Queen's command performance. Determined not to miss it, the comic will take time off from his "Happy Times" duties.

Glen McCarthy, the Texas oil man turned producer, wanted Jack Carson of Carman, Man., and Dennis Morgan for a picture. But Warners wouldn't loan the boys out. Now he wants them to appear at the opening of his new hotel in Houston.

HOLLYWOOD SIGHTS AND SOUNDS

Loretta Young passing the hat among visitors on the "Mother Is a Freshman" set. "We put on a good show for them. Why shouldn't they pay for it?" she said. The money goes for a party for the crew.

Joan Crawford walking around the Warners lot, trailed by her four children and two French poodles. Canada's Raymond Massey standing upstairstiously under a ladder on "The Fountainhead" set.

Make-up men fighting for the chore of pasting on Alexis Smith's beauty mark. The Penitence, B.C., star wears it just above the neck line of her low-cut dress.

ODEON THEATRE

Fredric March celebrates his fiftieth screen appearance in Samuel Goldwyn's "The Best Years of Our Lives," which is now being shown at the Odeon Theatre, in which he co-stars with Myrna Loy, Dana Andrews, Teresa Wright and Virginia Mayo. March made his screen debut in "The Dummy" in 1929, laying the foundation of one of Hollywood's most brilliant careers. It is conservatively estimated that his pictures have grossed more than a quarter of a billion dollars. In "The Best Years of Our Lives," directed by William Wyler, he reveals his talents for deft comedy, in contrast to most of his recent serious roles.

CAPITOL THEATRE

Her co-star, Red Skelton, and producer S. Sylvan Simon had to give Janet Blair 15 minutes of impromptu tutoring in the art of sliding down a banister.

During the filming of a chase sequence in Columbia's "The Fuller Brush Man," currently at the Capitol Theatre, the script called for Janet to slide down a 60-foot banister. Janet found this throwback to her childhood too tough.

As a result, Simon and Skelton spent a quarter of an hour explaining, with appropriate demonstrations, the lost art of banister riding. Janet then took it from there.

DOMINION THEATRE

There aren't enough "bad girls" in Hollywood. That was the complaint of Producer Samuel Bronston who, for many weeks sought an actress to play the unconventional Mamie, oyster-irate, in "Jack London," currently at the Dominion Theatre. It was only after a long search that Bronston found a player in Virginia Mayo with the ability to portray, with conviction, a frail sister.

PENITENT, SCARED GIRL IN JAIL CHARGED WITH MURDER—Lonely and frightened, Mrs. John McAllister is in jail at Lindsay, Ont., charged with murdering her husband, a Canadian naval veteran. Seen with her in this wedding photo, the slain man is pictured without the beard he wore while in the service. Mother of the dead man, Mrs. W. B. McAllister of Hamilton, Ont., who is standing by her daughter-in-law, says she lacks funds to engage a defence lawyer for the Scottish girl. (S.N.S. Photo)

'Thunder In Valley' On Oak Bay Screen

Once in a great while there comes to the screen a motion picture of such wonderfully heart-warming quality, and of such truly dramatic grandeur that it remains a rare and unforgettable experience for every moviegoer. Such a picture is Twentieth Century-Fox's "Thunder in the Valley," which, photographed in color by Technicolor, opens today at the Oak Bay Theatre.

The outstanding cast starring Lon McCallister, Edmund Gwenn and Peggy Ann Garner, Louis King's direction, Robert Bassler's production, and Jerome Cady's screen play combine to make "Thunder in the Valley" a marvelous screen achievement.

ROYAL THEATRE

John Lund doesn't know from one picture to the next what color his hair will be. To date, he has alternated between his naturally blonde hair and brunette with clock-like regularity, so that it will contrast with that of the girl opposite, whom he is playing.

The handsome six-foot star is currently appearing opposite Jean Arthur and Marlene Dietrich in Paramount's romantic comedy, "A Foreign Affair," now at the Royal Theatre.

ROYAL—"A Foreign Affair," starring Jean Arthur and John Lund.

RIO—Carole Landis in "One Million B.C."

YORK INTERNATIONAL—Bing Crosby and Barry Fitzgerald in "Welcome Stranger."

Coaltown Comes Back In Jerome

NEW YORK (AP)—Coaltown won 79th running of the Jerome Handicap Wednesday after his stablemate, the three-year-old champion, Citation, was scratched earlier in the day.

Coaltown broke slowly, picked up speed, and shot into the lead at the three-quarter pole and won by five lengths over Mount Marcy. Coaltown's stablemate, Free America, was third.

Coaltown was clocked in 1:36 for the mile over a fast track.

The winning entry paid \$2.70, \$2.10 and \$2.10. Coaltown's victory was worth \$21,450.

Joe Louis Will Take Six Months To Make Decision

PHILADELPHIA (AP)—Joe Louis intends to take the full six months to decide whether he'll retire as heavyweight boxing champion of the world.

The Brown Bomber, who previously said that his June 25 fight against Jersey Joe Walcott was his last, told delegates to the National Boxing Association dinner last night: "I have six months from the date of my last fight to make known my plans of retirement and until that time I should be known as the heavyweight champion of the world."

He then turned to Abe Greene, president of the N.B.A., and said: "Mr. Greene, at the end of six months you'll have my answer on whether I'll retire or fight again on your desk."

To a reporter's query as to whether he would fight again, Joe replied: "I don't know. Maybe yes, maybe no."

QUITS HOCKEY POST

OTTAWA (CP)—J. P. (Jimmy) McCaffrey, manager of Ottawa Senators of the Quebec Senior Hockey League for the last 14 years, announced his retirement from the post last night. He will continue as a director of the club and second vice-president of the Q.S.H.L.

For an undisclosed sum, McCaffrey has turned over the Q.S.H.L. franchise to Tommy Gorman, manager of the Ottawa Forum Company. New manager of the club will be Tommy's son, Joe Gorman.

PLAZA THEATRE

When Warner Bros. assigned Norman Rellly Raine and Seton I. Miller to the chore of writing "The Adventures of Robin Hood" now being shown at the Plaza Theatre, for the screen, the two discovered a wealth of material

through which they waded with mounting enthusiasm. After digesting several dozen different versions of the popular legend they went back to the original sources—old ballads and legends, some of them printed in the archaic English.

HER SLIP WAS SHOWING

THIS IS THE LAST STORY... I promise you, about our fishing... out on the blue. The porpoises, you'll remember, went under our boat, in the original episode—we wrote. And I'd collapsed, swinging an oar, do you need a new washer? We have the THOR. Just \$146.50 down at our store, so silent it WON'T... slide around on your floor. Anyhoo... way out on this bay, we again got our craft... under way. "What do U say, we haul in the lines, those we had tangled... like valentines. Chuck this fishing for a spell, "THAT"... she replied, "would suit me swell. 'Cause maybe those blackfish will B back, just sized us up... on their first tack."

SIZE UP these new coal and wood ranges and you'll say with us they are tops. Especially because all gleaming white enamel, with coil, only \$125.00.

SO... we wound in our hawsers about each board, then stowed 'em away... up for'ard. Then I gave her the gas, all she'd take. "Golly... Look... sure kicks up a wake." We spied a beautiful yacht, 'bout a mile away, riding at anchor... the head of the bay. "Let's," I said, "steer for that, I wish I had... a yachtman's hat. Maybe then... we could sorta pretend, we too... had a yacht... and a dividend." "Oh... don't B silly, go high, hattie, we're just the type to own a flatie." "Humph... that's what YOU think" (we sure were tearing o'er the drink). And pretty soon... slow-ahead, this 40-ft. yacht... gay-spirit-ed.

WE COTTEM AGAIN... these walnut magazine tables... do double duty as an end, coffee or magazine table... \$14.50... same low price as before.

WE CIRCLED ABOUT... and as we did pass, an elderly man was polishing brass. "Golly," I said, "is that boat a beauty, one sure would need plenty a loot. I think in deference to that scallawag, it's the thing to do... to dip our flag. So hold up that oar, then lower it, but she only gazed... and continued to sit. So we souped up our boat, again on our way, "it's time to go home," I heard her say. Just then the engine coughed a bit, I took a casual... squint at it. But it picked up, and all was well, again wide open... and going like (the dickens).

LONG & LEAN chesterfield tables... one of the most useful of all... \$17.50, in walnut finish on hardwood.

SO ACROSS THE BAY... we started out, about 2 miles... I guessed about. I sprawled back, and sed to the wife, "some fun, eh... This Is the Life." Splutter... splutter... from the engine-room, "we're outa gas... I did presume." "Oh," she replied... that familiar moan, "yep," I said... "dry as a bone. LOOK..." I cried, "here comes a ship, look, helpless... on that oar tie your slip. Soon o'er the water again we did go, we'd had everything else... and now had a tow. "Now DON'T feel embarrassed," I sed to my she, "being rescued is... the first law of the sea." "Yes," she replied, "that I know, but I've always hated... MY SLIP TO SHOW."

They'll Do It Every Time

Who said something about women invading barber shops? Thank to MARIE, MARY and MIDGE, NEW YORK CITY

The DOCTOR Says:

DDT IS MOST HELPFUL AGENT IN FIGHT TO CONTROL MALARIA

By EDWIN P. JORDAN, M.D.

For many generations malaria has been one of the great health problems of the world. It thrives, however, only in those places in which the mosquitos which can carry the infection are able to thrive. This keeps it down in northern sections of this continent, although it has been found as far north as Canada.

There are several kinds of malaria. The most serious is now called Pacific Vivax. This type is hard to get rid of and may be carried by the common anopheles mosquito of North America.

SERVICEMEN HAD IT

Many men in service during the last war encountered serious difficulty with this malarial parasite. Indeed there was considerable fear that returning servicemen might bring new

Bronchitis and Asthma Coughs

If you suffer from difficult breathing, coughing, wheezing, and can't sleep well because of Asthma or Bronchitis attacks, you owe it to yourself to try MENDACIO. The very first dose of MENDACIO starts working through your blood in 30 minutes, helping Nature loosen and remove the thick, sticky mucus which causes coughing, gasping, difficult breathing. This loosening action helps open up your bronchial tubes so you can breathe more freely, then you can sleep more restfully, gain vitality and begin to enjoy life. Get MENDACIO from your druggist today. Money back unless quickly and completely satisfied.

(Answer to previous puzzle)

dangerous kinds of malaria back and infect others. This has not happened to any serious degree, however. Although there have been a few cases of imported malaria, there seems little likelihood of any widespread difficulty.

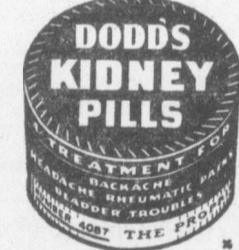

Malaria in all its forms causes fatigue, usually some fever, and a general below-par feeling. There are several kinds of treatment which are more or less successful but just what should be used depends on the type of malaria involved.

One mode of attack on malaria is to destroy the mosquito. In the past mosquitoes have been attacked in their breeding places by spraying with kerosene or other poisons.

The extraordinary chemical DDT has proved a boon. The effects of DDT against the mosquito at all stages of development are excellent. Furthermore, areas which have been dusted or sprayed with DDT solutions remain deadly to the mosquito for a long time. Perhaps with the help of DDT and other measures, malaria eventually can be entirely eliminated from the world. It ought to be.

Question: What can be done for a bad body odor?

Answer: The cause of a bad body odor is not easy to discover. It is possible that some substances such as onions or garlic should be eliminated as this will sometimes cause an odor. Certain nervous diseases can also cause excessive sweating.

Discovers Home Skin Remedy

This clean stainless antiseptic known all over Canada as Moore's Emerald Oil, is such a fine healing agent that Eczema, Barber's Itch, Salt Rheum, Itching Toes and Feet, and other inflammatory skin eruptions are often relieved in a few days. Moore's Emerald Oil is pleasant to use and it is so antiseptic and penetrating that many old stubborn cases of long standing have yielded to its influence. Moore's Emerald Oil is sold by David Spencer Ltd. and druggists everywhere to help rid you of stubborn pimples and unsightly skin troubles—satisfaction or money back.

College Bustling On Opening Day; Lectures Start Monday

Victoria College is a hive of activity today. This is the official opening of the U.B.C.-affiliated institution, and crowds of first and second-year students are making final preparations for the start of lectures at 8.30 Monday.

The assembly hall was jammed at 10 this morning for the formal opening exercises.

Dr. J. M. Ewing, college principal, conducted the exercises, and in his opening remarks referred to a substantial reduction in classroom space this year because of an increase in enrollment at the Provincial Normal School, which uses the same Mount Tolmie building.

SERIOUS PROBLEM
He said the loss of space has presented a serious problem as accommodation requirements at the college depend on the number of courses offered rather than on gross attendance.

Forty-seven courses are given and the only effect of a decrease in registrations will be to produce classes of more reasonable size for instruction.

Enrollment is down from last year by about 50 students because of the departure of ex-service students to third-year courses at U.B.C. The college has 367 students to date, which is 84 more than the largest registration previous to the return of veterans.

TO UNIVERSITY SCHOOL
However, Dr. Ewing continued, the loss of space has been alleviated somewhat through the generosity of J. J. Timmins, headmaster at the nearby University School for boys. In order to avoid the necessity of continuing lectures late in the afternoon, arrangements were made by the college council and the school board to secure a classroom at the private school.

Welcome to the class of '52 was given at the exercises by J. B.

Will Hear Gadsden On Plan To Reduce City Police Force

Mayor Percy George said today the Police Commission will consider Commissioner Burgess J. Gadsden's recommendation that the city police force be reduced to cut expenses.

The commissioner made the recommendation in a letter to the mayor from Morris, Man., where he is visiting.

He said a program of bringing the force to minimum of requirement is necessary and it would be wise to lay the pattern of the program at an early date.

The commissioner claimed the force has almost doubled in strength in the last five years.

Mayor George said that in view of the fact one member has decided on such a policy, it must be given consideration by the entire board of commissioners.

The chief magistrate added that should some officers be dropped from the force, they nevertheless will receive retroactive pay increases granted by an arbitration board recently, when those increases are paid next year.

Arthritis Remedy Withdrawn While Patent Sought

Lou Green, layman arthritis practitioner, has agreed to suspend sale and manufacture of his remedy, it was learned here today.

The suspension went into effect Wednesday. It was effected so that the remedy could meet the requirements of the federal government's pure food and drug laws which require that remedies of this nature must either bear on the label the list of the component parts or the medicine must be registered under a patent number.

It is understood that Mr. Green is applying for a patent to Ottawa.

At the Parliament Buildings here a report of a committee of doctors on the remedy is still being awaited. It is expected it will be made to Health and Welfare Minister George S. Pearson shortly.

In the meantime the Victoria and District Trades and Labor Council has sent a letter to Fisheries Minister R. W. Mayhew, Victoria M.P., asking him to help assure Mr. Green ample material for his remedy.

Bishop Sexton Back
Among arrivals at Halifax Wednesday aboard the liner Aquitania was Rt. Rev. Harold E. Sexton, Bishop of British Columbia.

Bishop Sexton has been in England attending the Lambeth Conference. He was one of 1,825 passengers on four special C.N.R. boat trains which transported passengers to Montreal.

Bishop Sexton is expected to arrive in the city next Wednesday.

Fisgard Parking Out
The city public works committee is recommending to the City Council that two-hour parking be imposed on both sides of Fisgard Street from Store to Douglas Streets, and on Government Street between Cormorant and Fisgard Streets. All-day parking now is allowed.

1948 To Be Record For Tourist Business In Canada
This year will be Canada's best so far as her tourist business is concerned, D. Leo Dolan, chief of the Canadian Travel Bureau, prophesied in an interview this morning at the Empress Hotel.

"Our records show one or two spots are down from last year, but over the whole we are well on our way to establish a new record. It's a very good year," Mr. Dolan said.

A heavy influx of American visitors has come about this year despite certain adverse conditions.

"The threatened railway strike affected every province, and then Ontario had some bad forest fires," he noted.

"I think, though, British Columbia had the hardest break of all when the Fraser River floods came."

Disasters such as floods and forest fires in any province have their effect all across the country, he said, and tend to scare potential tourists away.

"Anyway, this is a good tourist year all over the country."

The number of Americans entering Canada during the month of July was 12 per cent more than the number which entered during the same month of 1947, he said.

He attributed part of the increase to a more intensified advertising campaign
